

ABAQUS 2025 Installation Guide

Windows Installation Manual
Central Computer & Informatics Centre (CIC)
Indian Institute of Technology Kharagpur

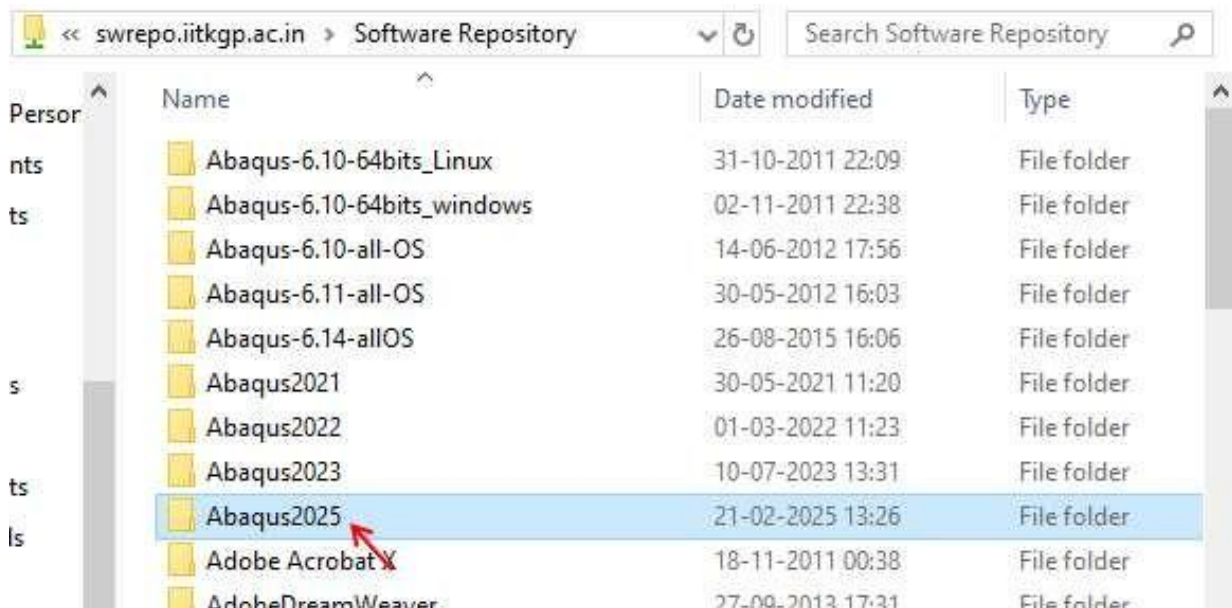

This document provides detailed step-by-step instructions for installing **ABAQUS 2025** on Windows systems using the CIC Software Repository. All screenshots are embedded directly alongside their corresponding installation steps.

Important Note: Ensure that all prerequisite components are downloaded before installation. Restart the machine after installation before launching ABAQUS CAE.

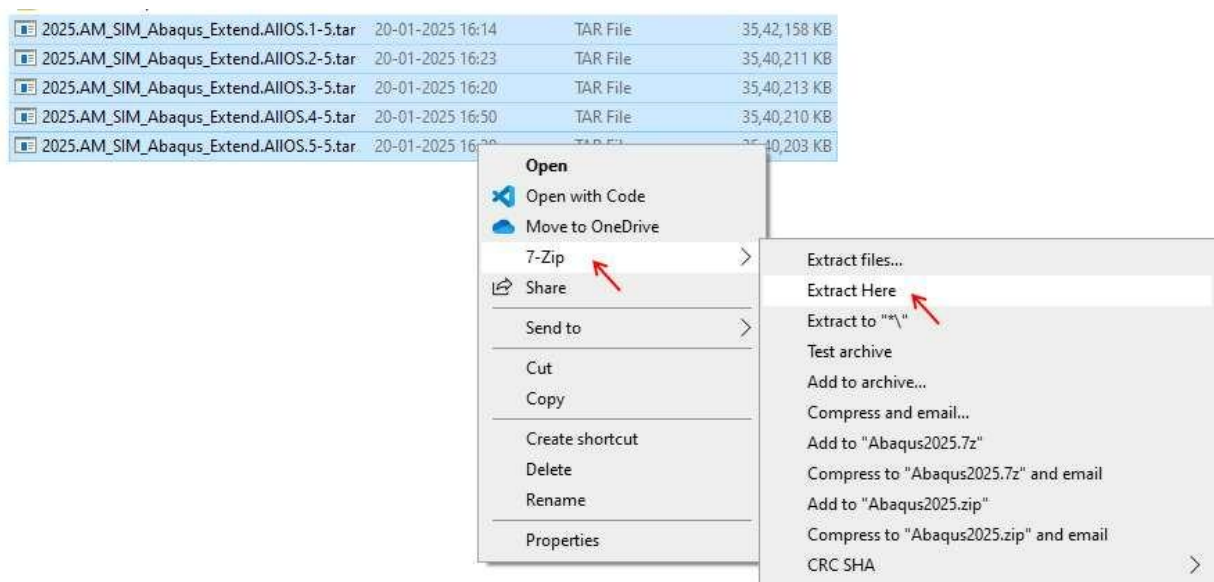

Step 1: Open Run prompt, paste `\\swrepo.iitkgp.ac.in\Software Repository` and click OK.

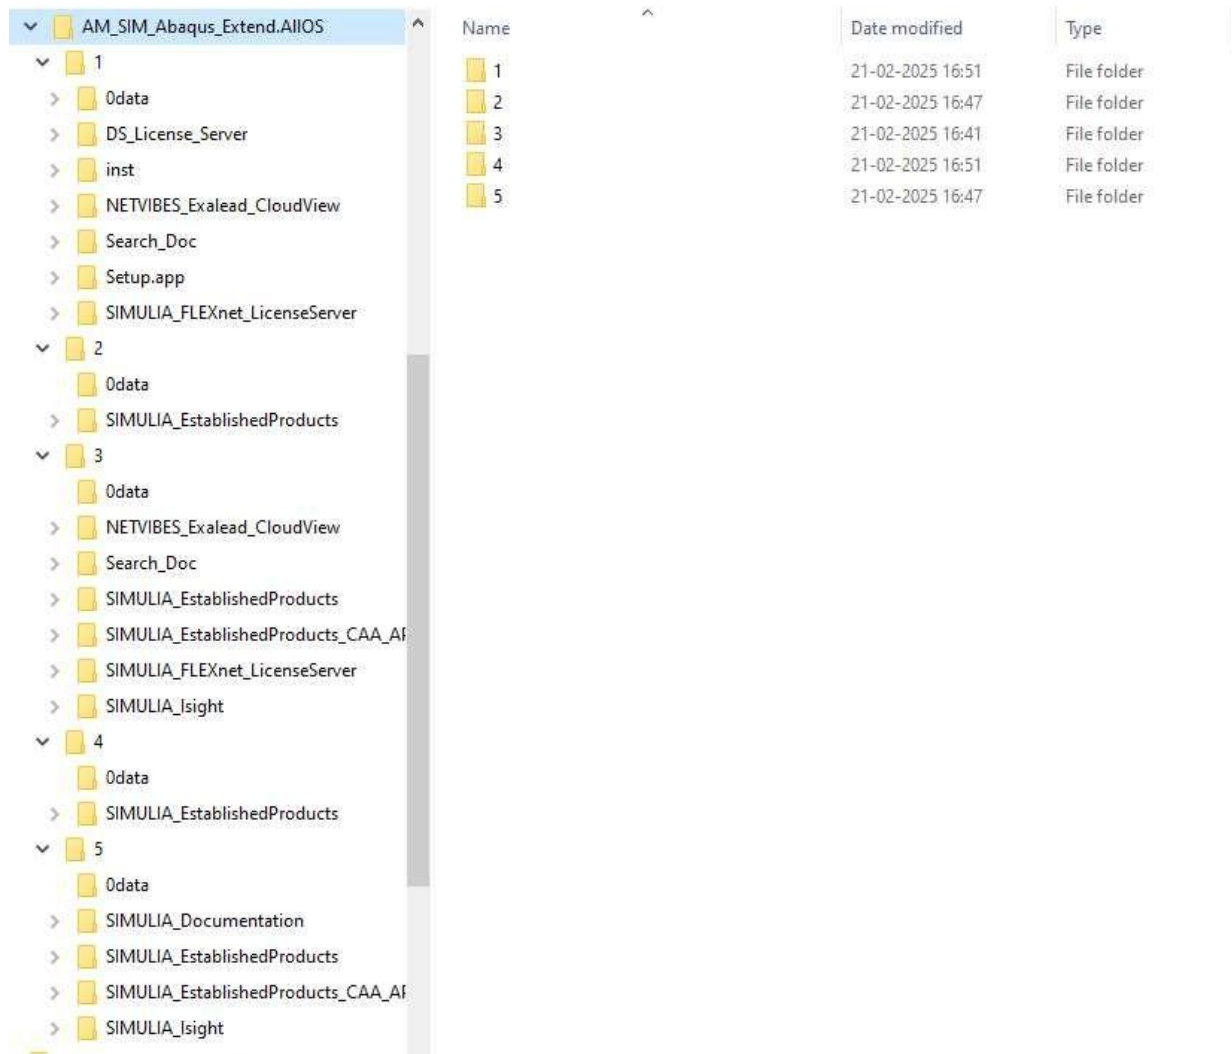

Step 2: Copy the *Abaqus2025* directory to your machine.

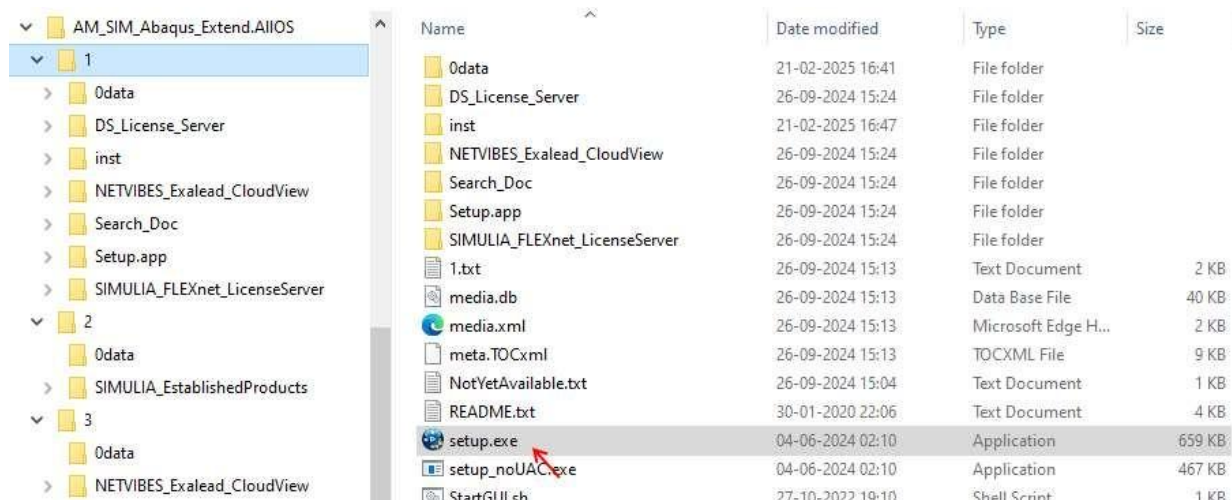

Step 3: Extract all .tar files into the same location using 7-Zip or similar tool.

Step 4: Verify the extracted directory structure.

Step 5: Navigate to AM_SIM_Abaqus_Extend.AIOS\1 and execute setup.exe.

Step 6: Click Yes if Windows prompts for permission.

Step 7: Click Next.

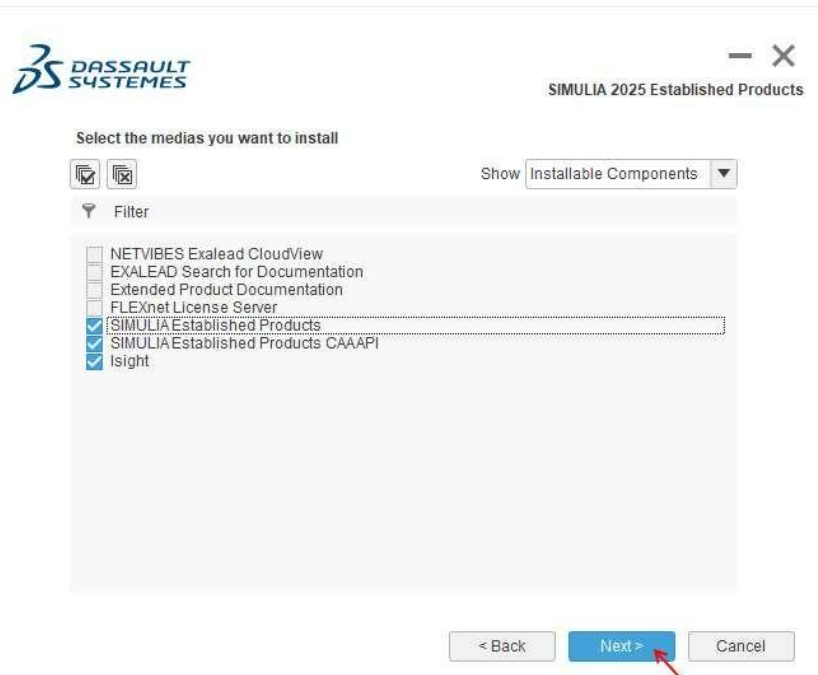

SIMULIA 2025 Established Products

Welcome to the SIMULIA 2025 installation program.

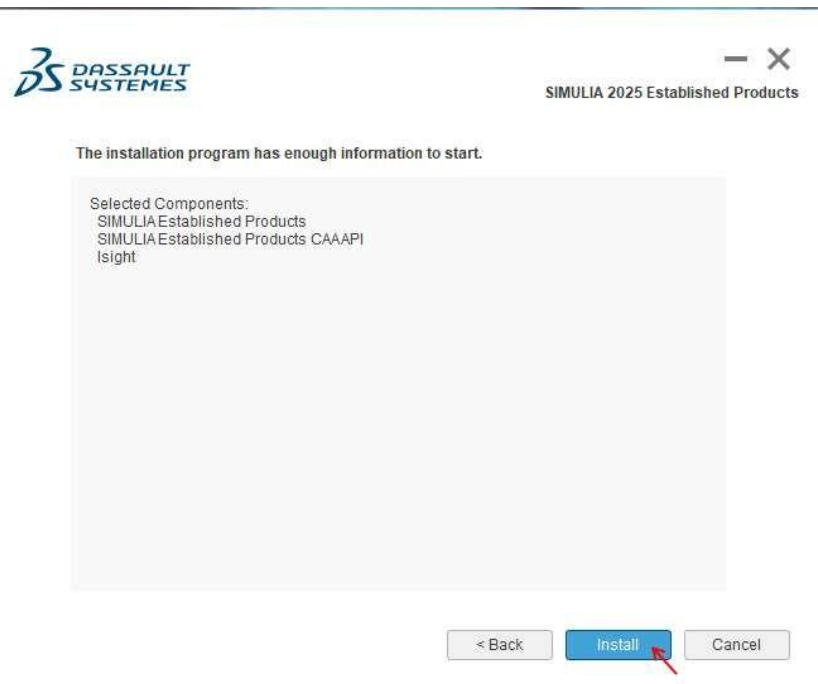

For more information, see the Legal Notices in the User Assistance Portal.

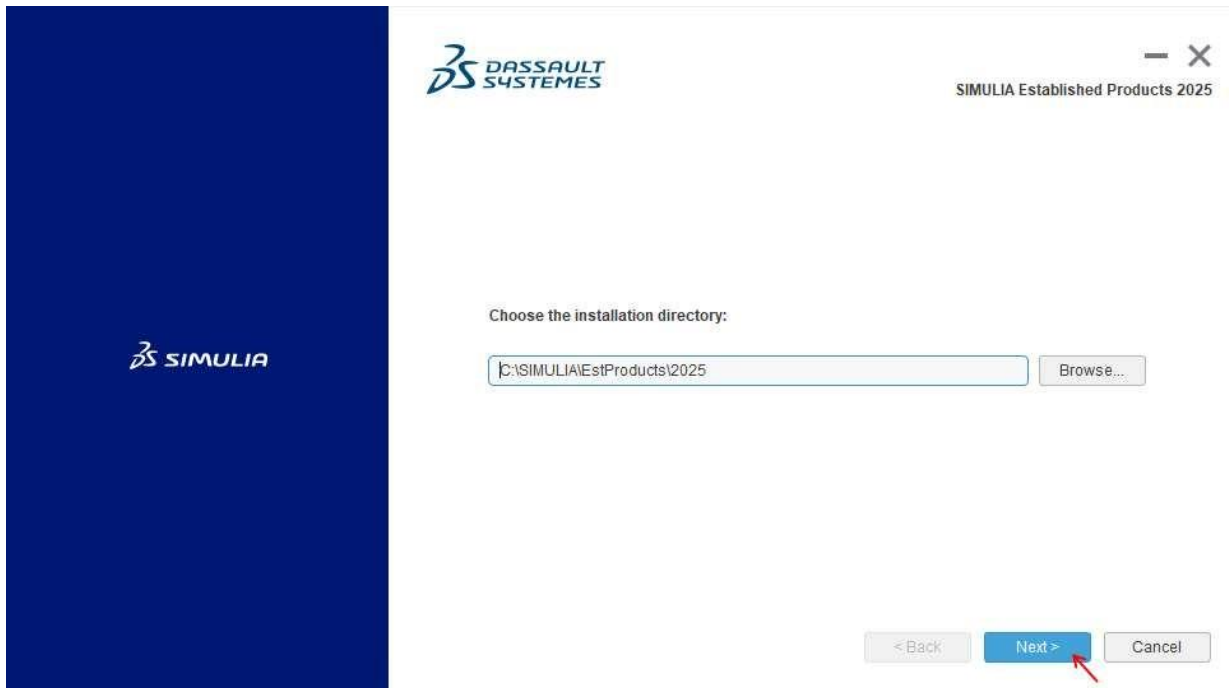

Step 8: Click Next.

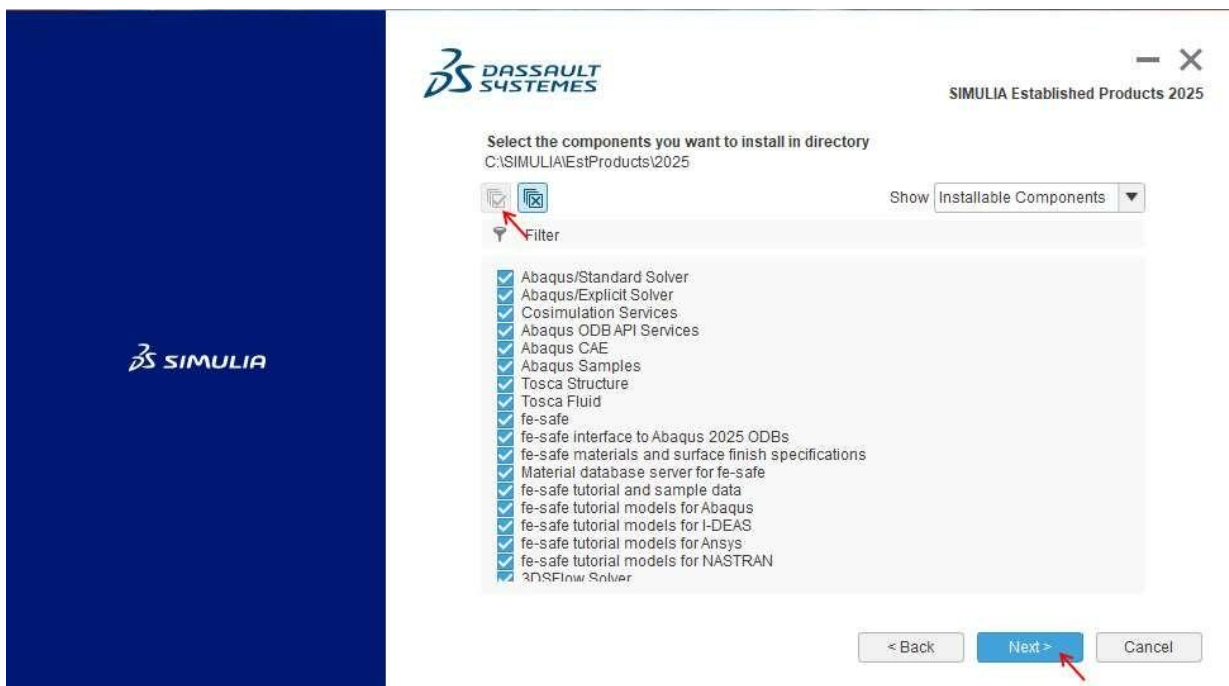

Step 9: Click Install.

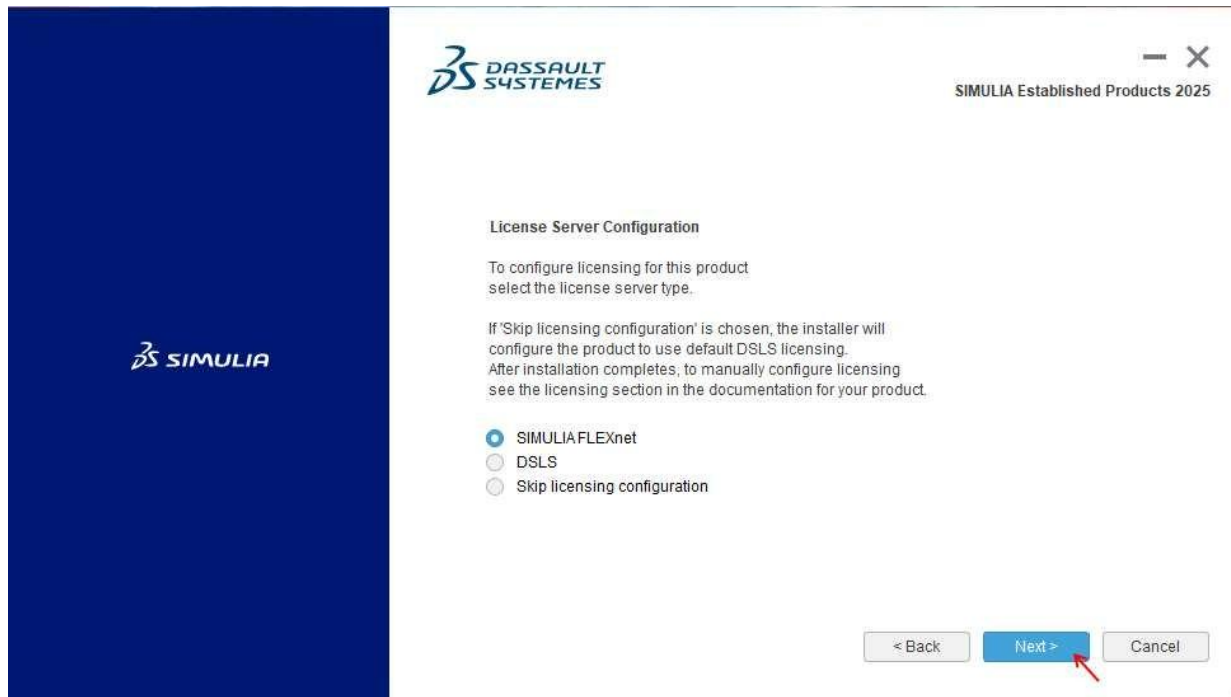

Step 10: Click Next.

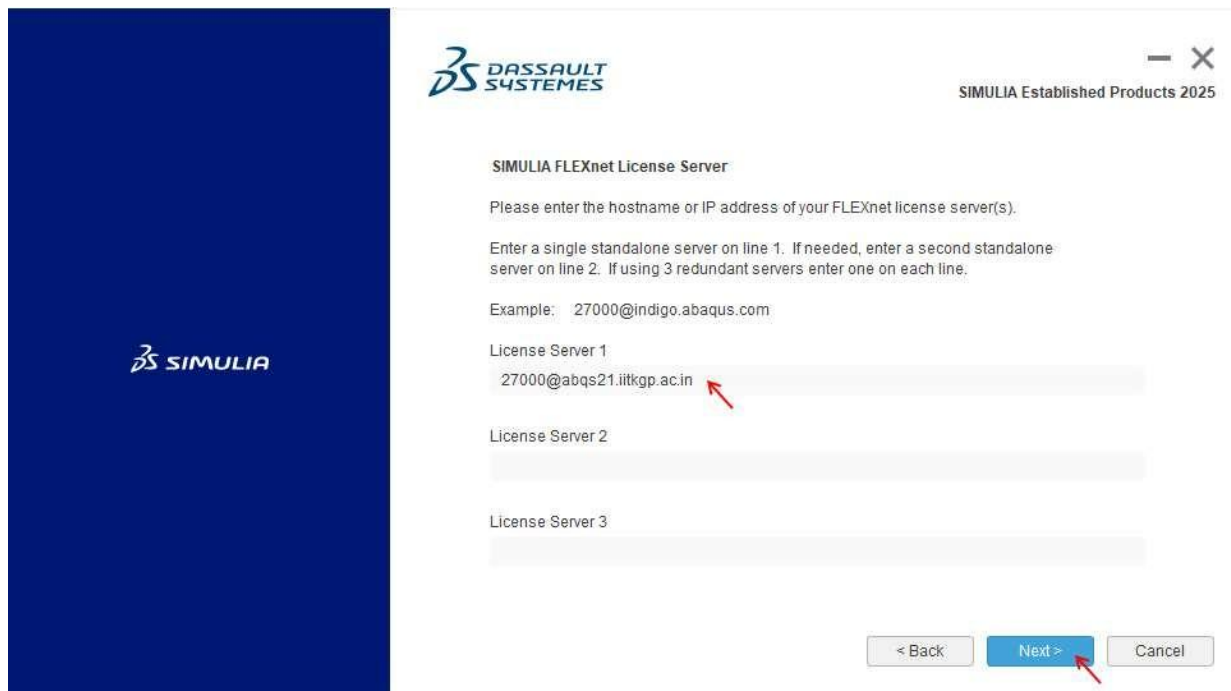

Step 11: Ensure all components are selected and click Next.

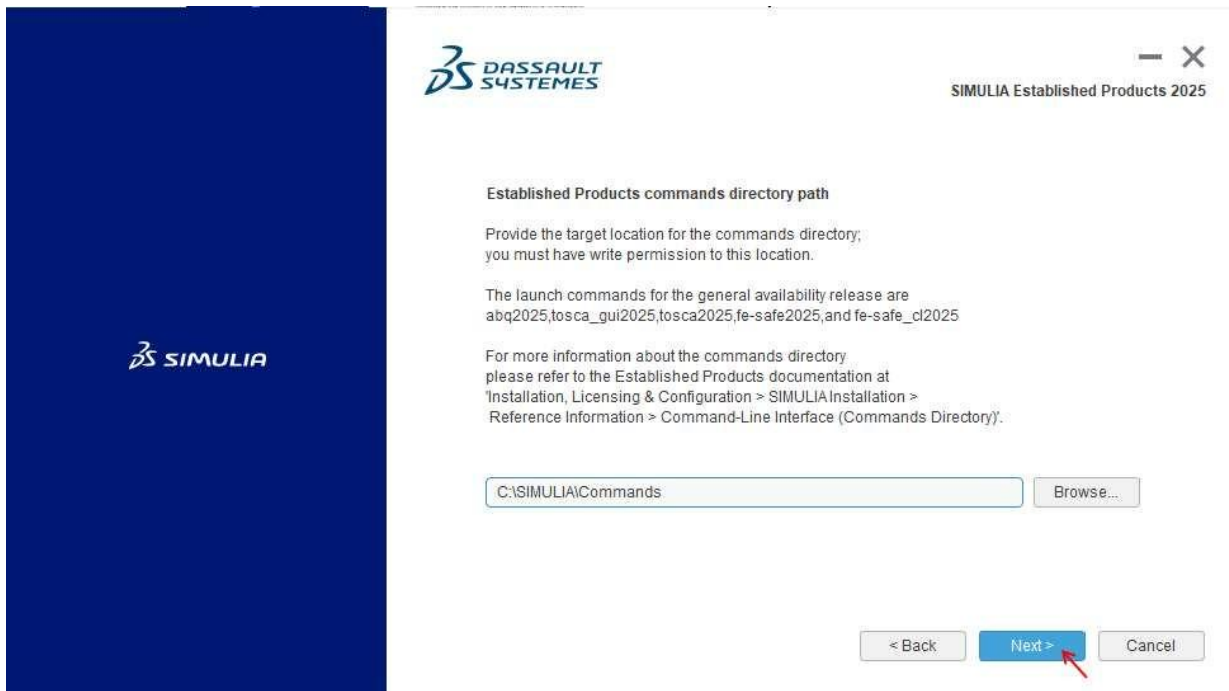

Step 12: Click Next.

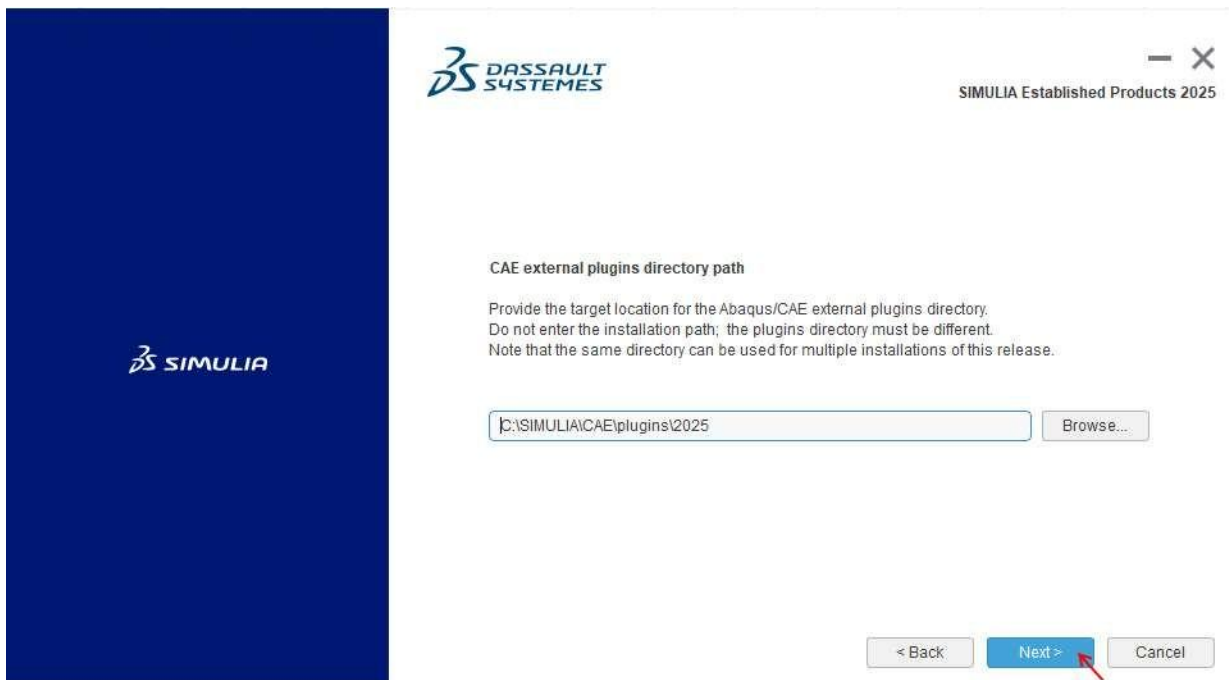

Step 13: Enter license server as 27000@abqs21.iitkgp.ac.in and click Next.

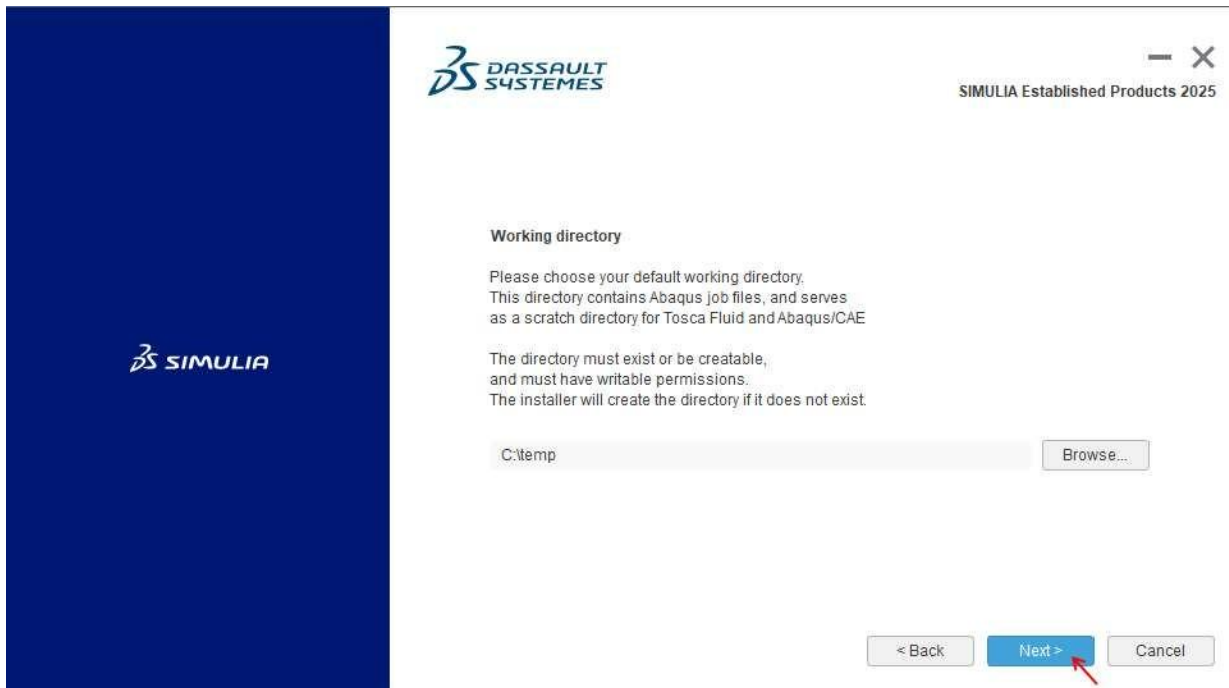

Step 14: Click Next.

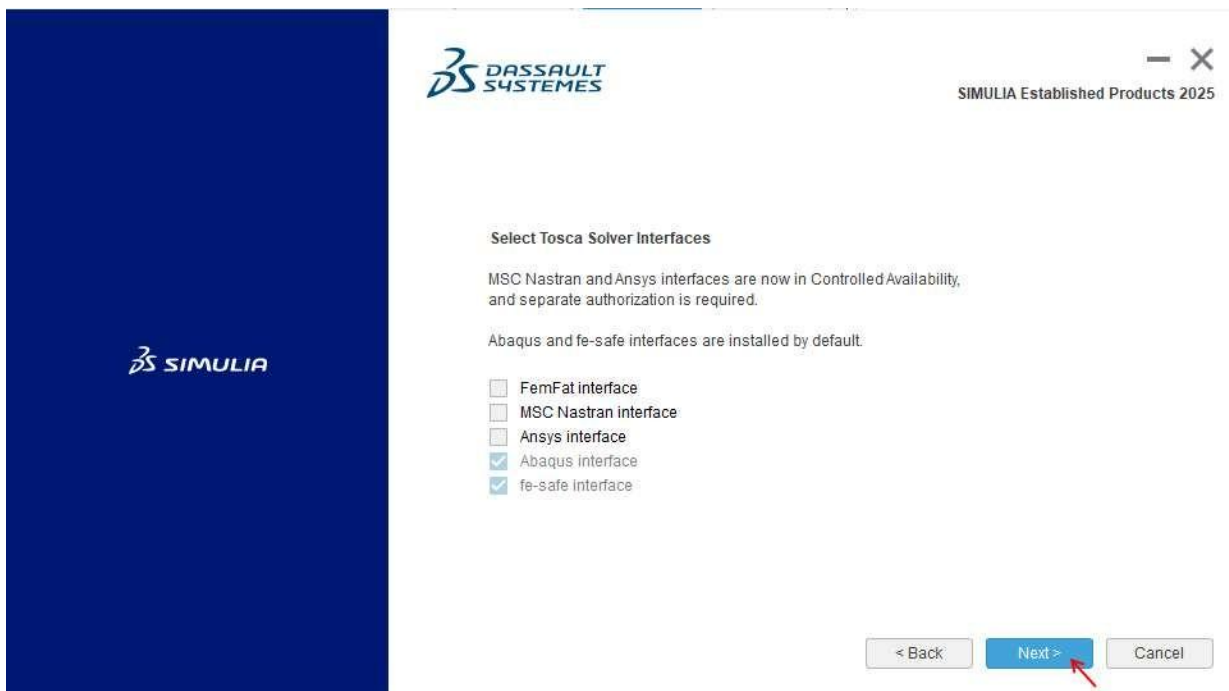

Step 15: Click Next.

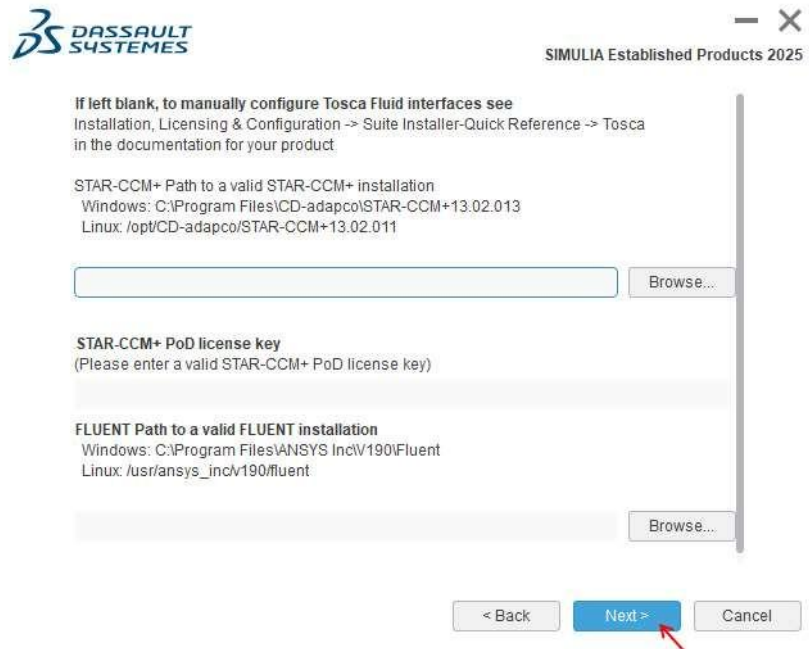

Step 16: Click Next.

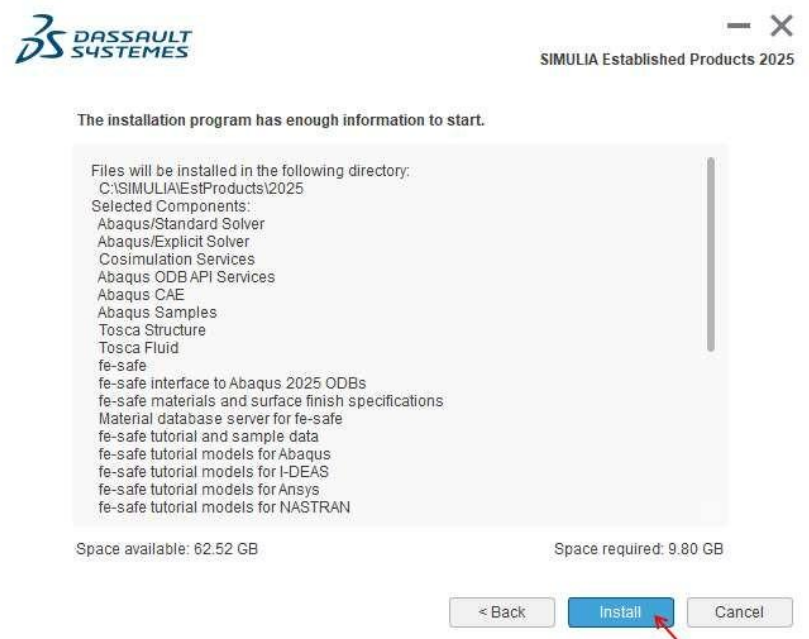

Step 17: Click Next.

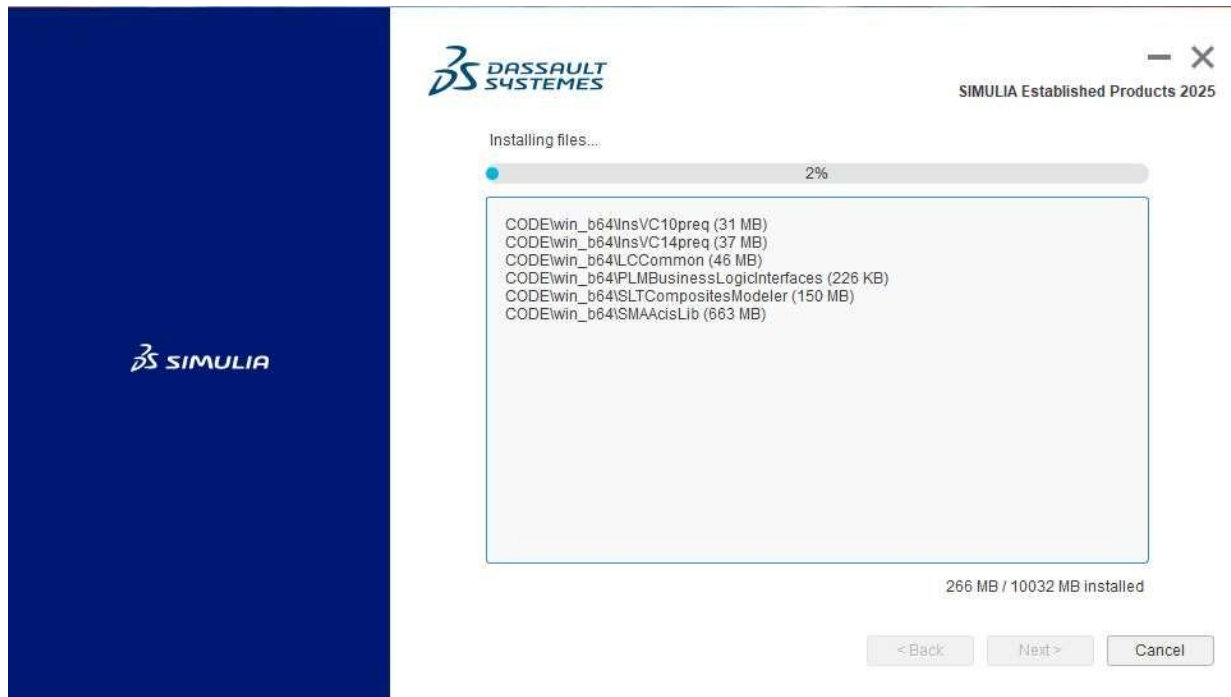

Step 18: Click Next.

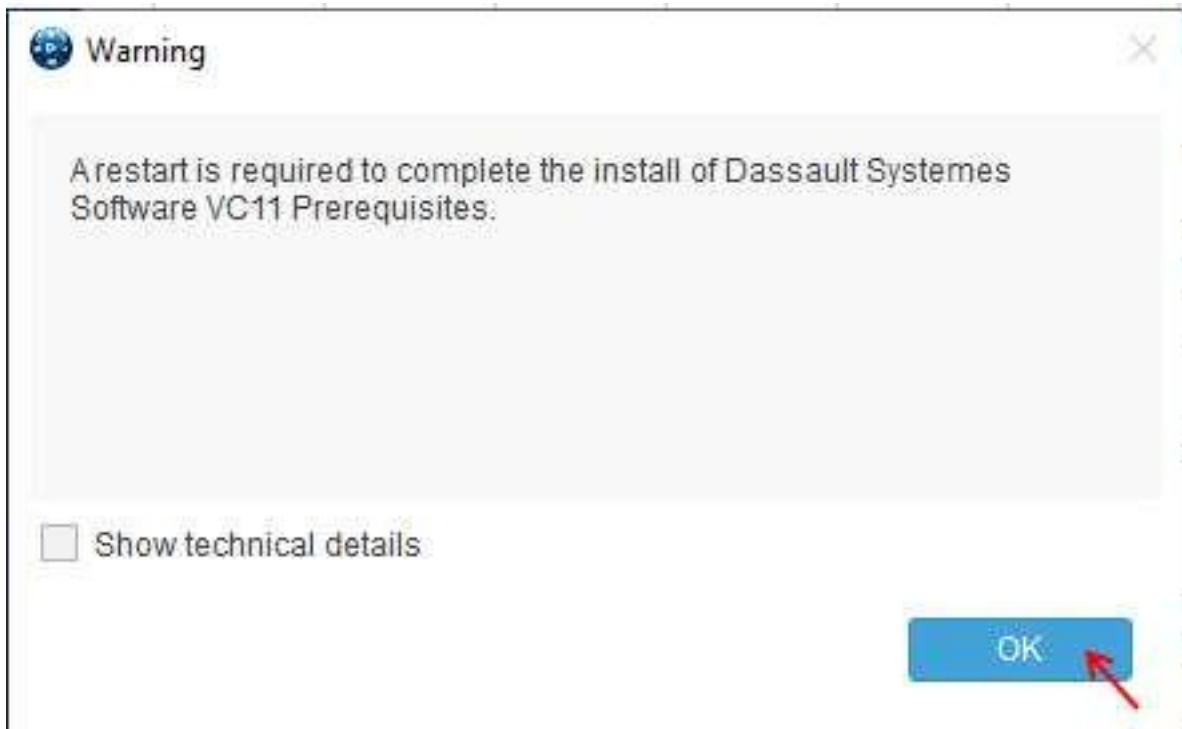

Step 19: Click Install.

Step 20: Wait for installation to complete.

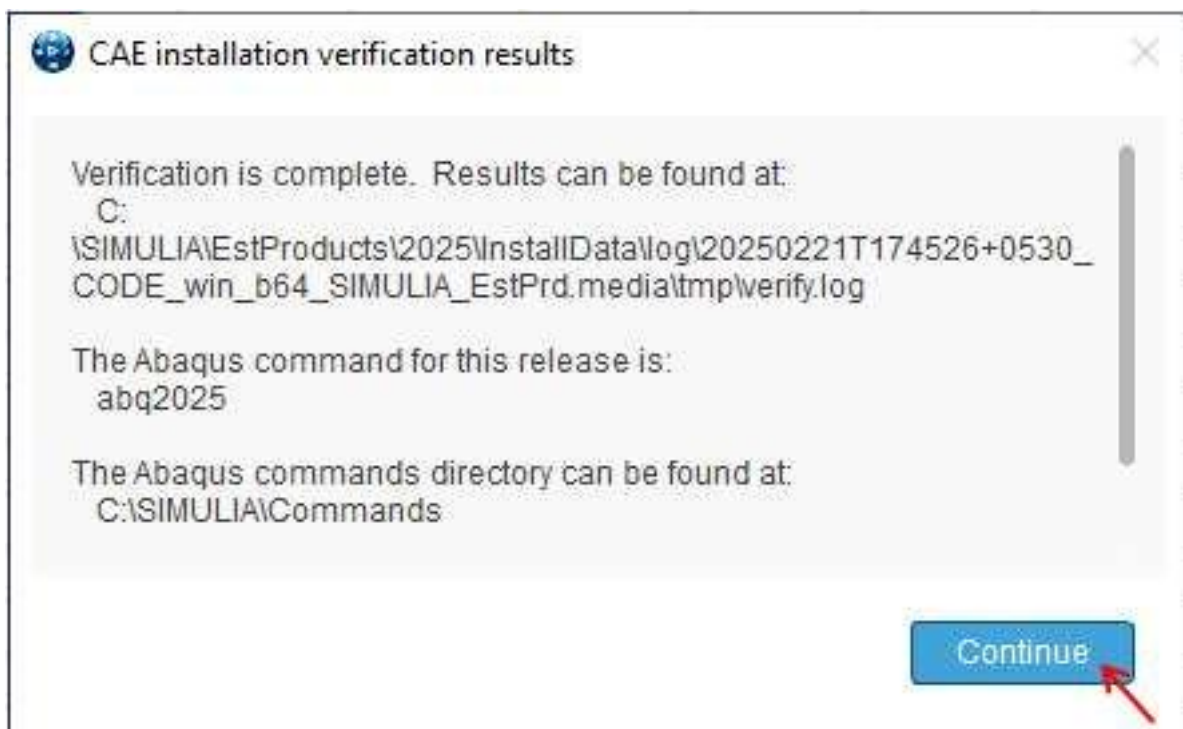

Step 21: Click OK.

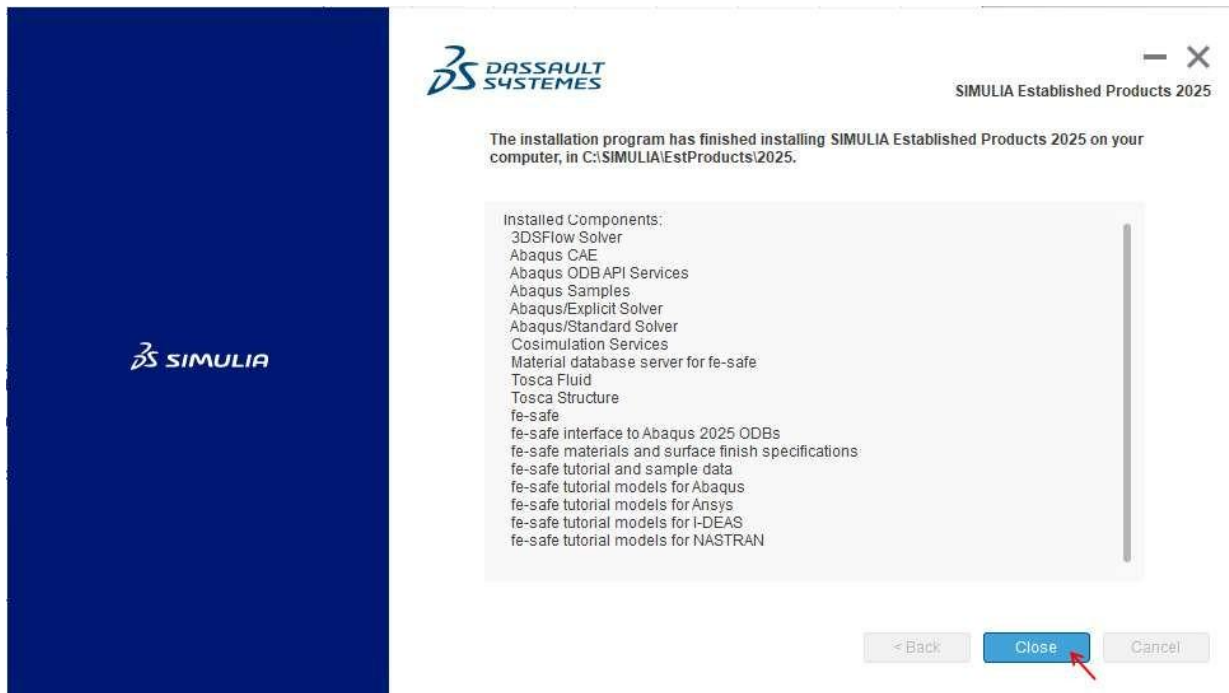

Step 22: Allow access through Windows Firewall if prompted.

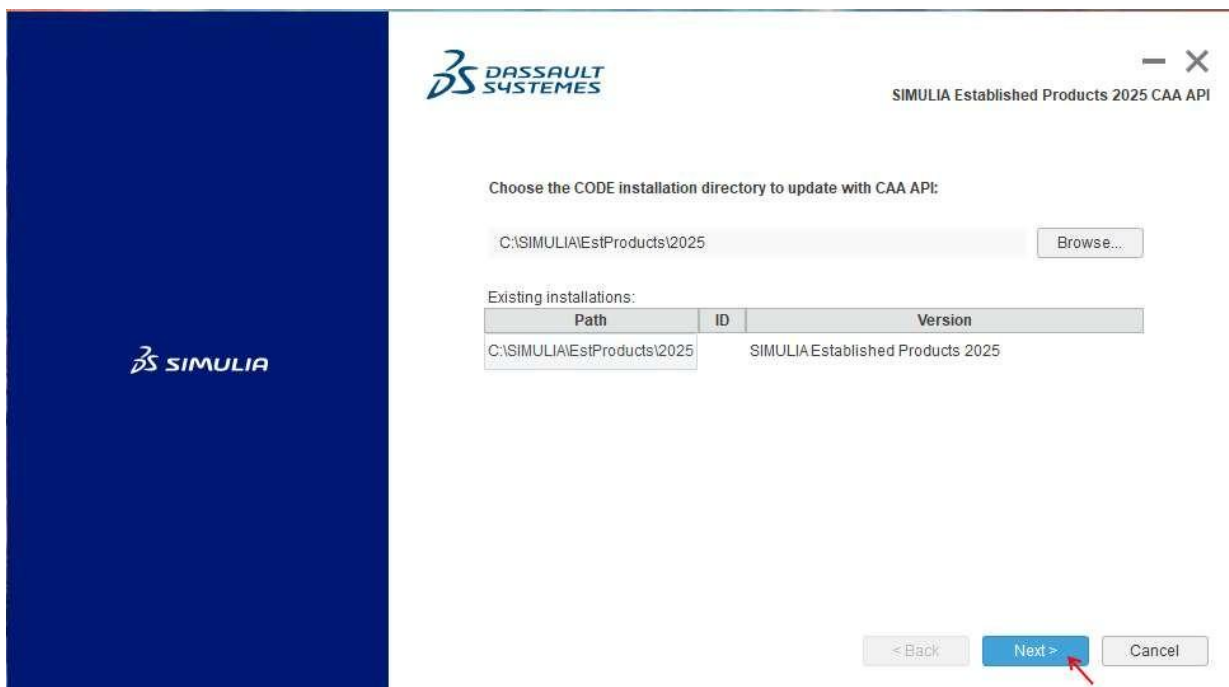

Step 23: Click Continue.

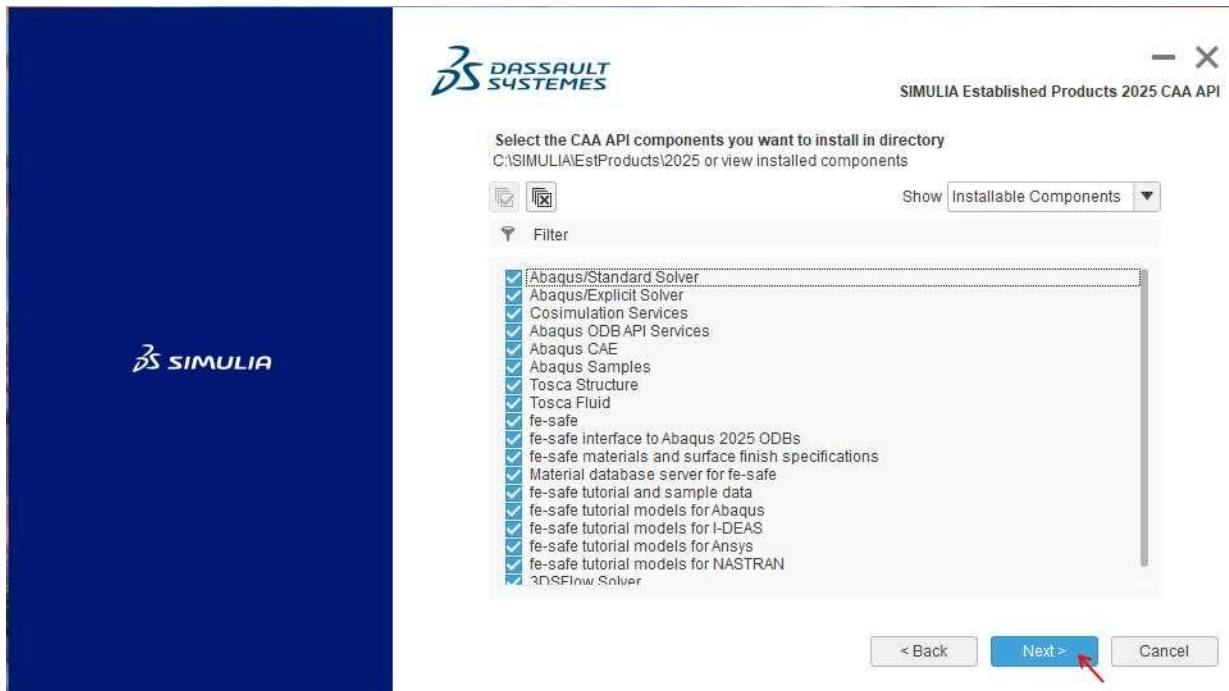

Step 24: Click Close.

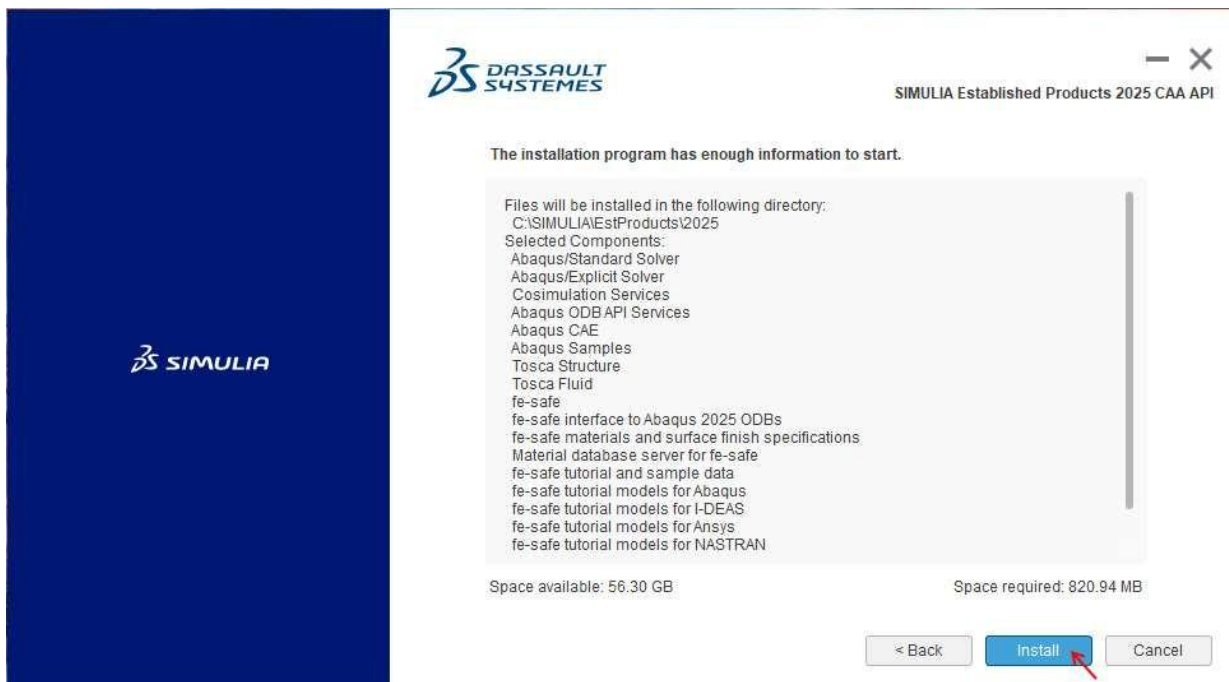

Step 25: Click Next.

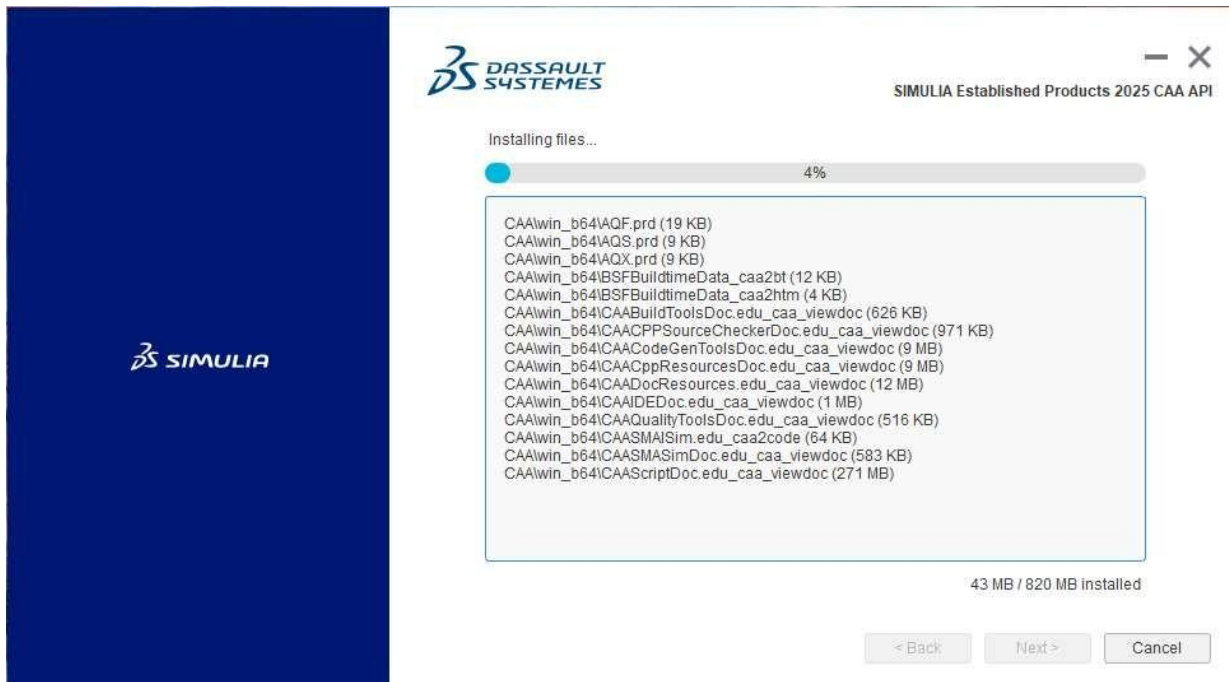

Step 26: Click Next.

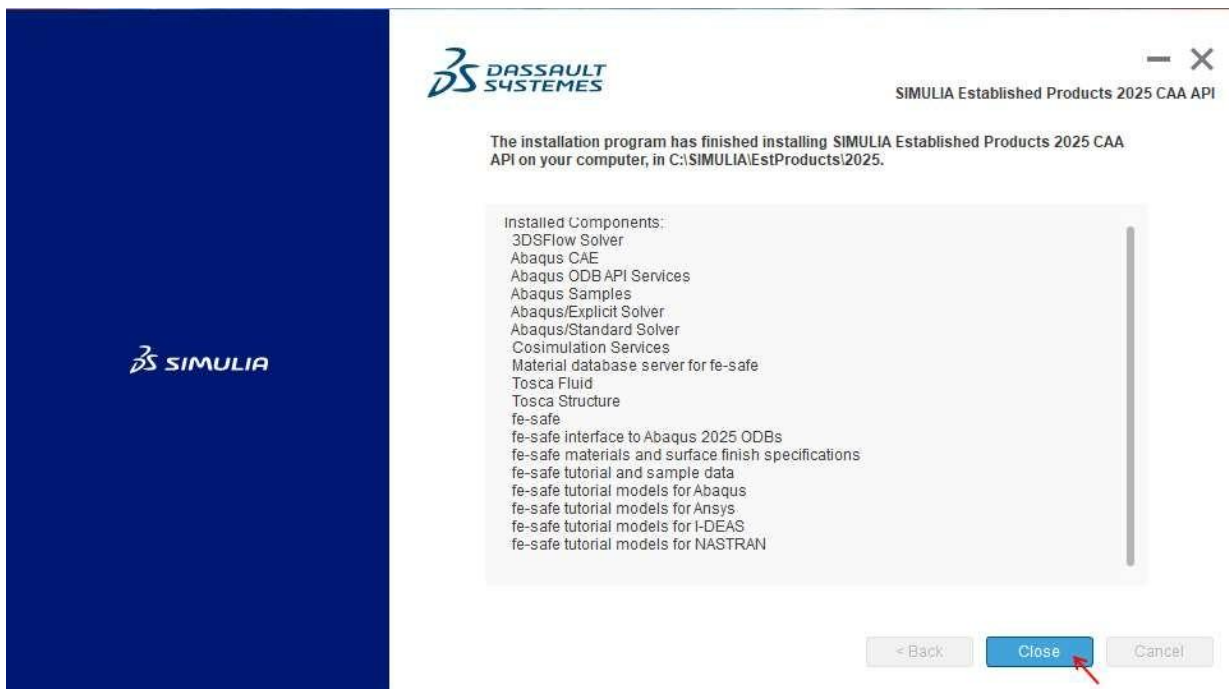

Step 27: Click Install.

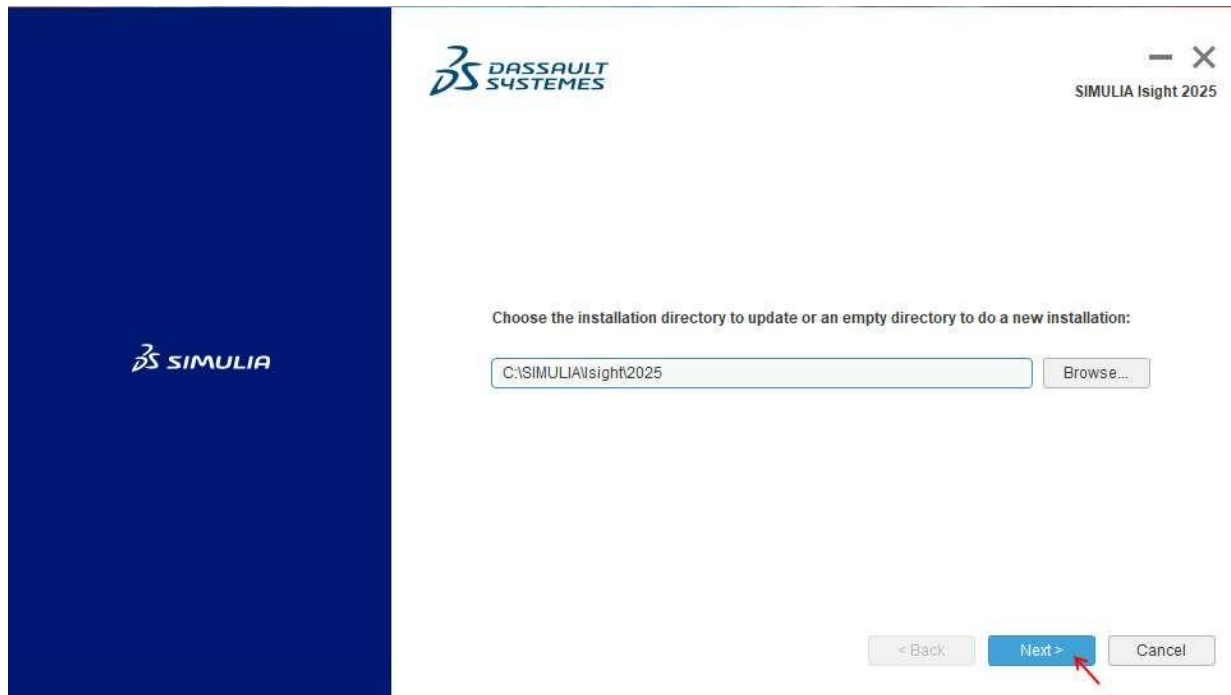

Step 28: Wait for installation to complete.

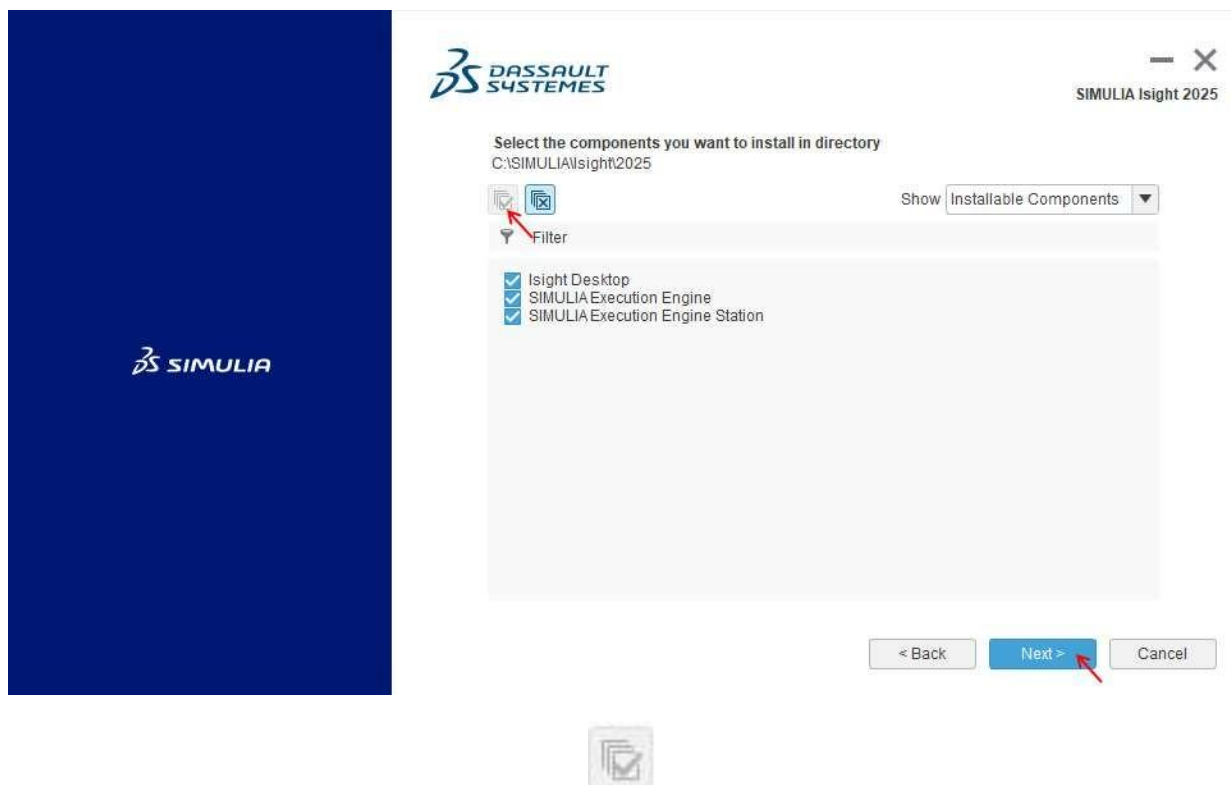

Step 29: Click Close.

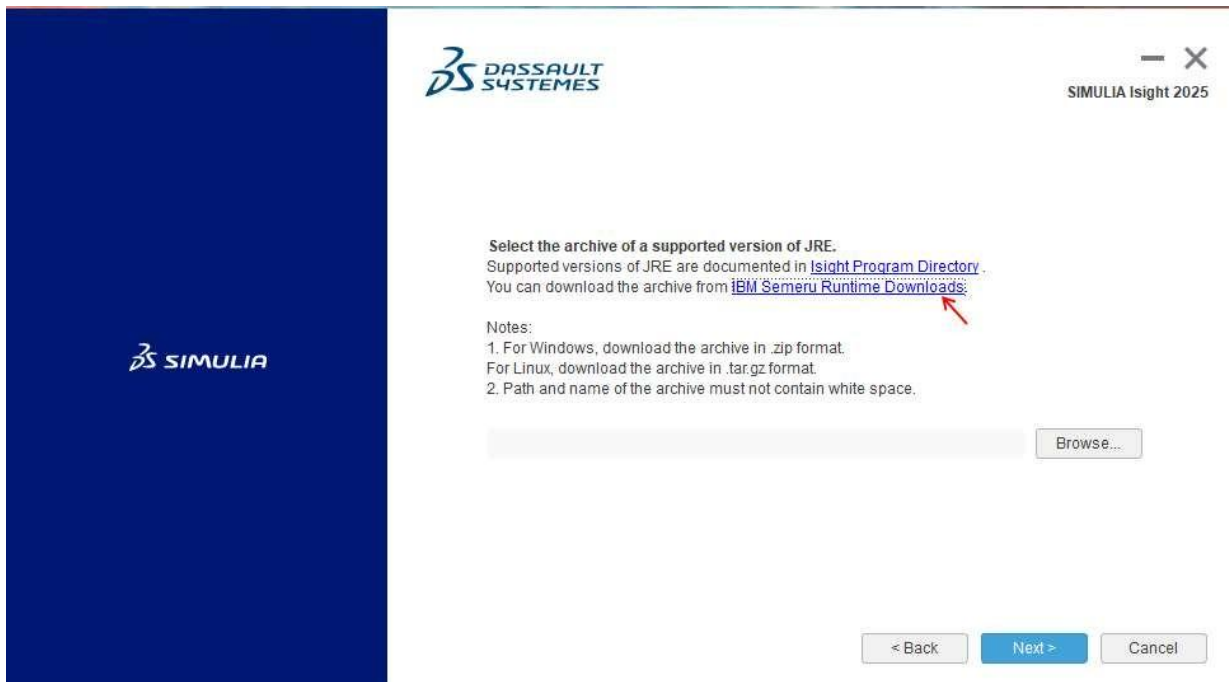

Step 30: Click Next.

Step 31: Ensure all components are selected and click Next.

Step 32: Click the IBM Semeru Runtime Downloads link.

Step 33: Download the appropriate JRE ZIP package.

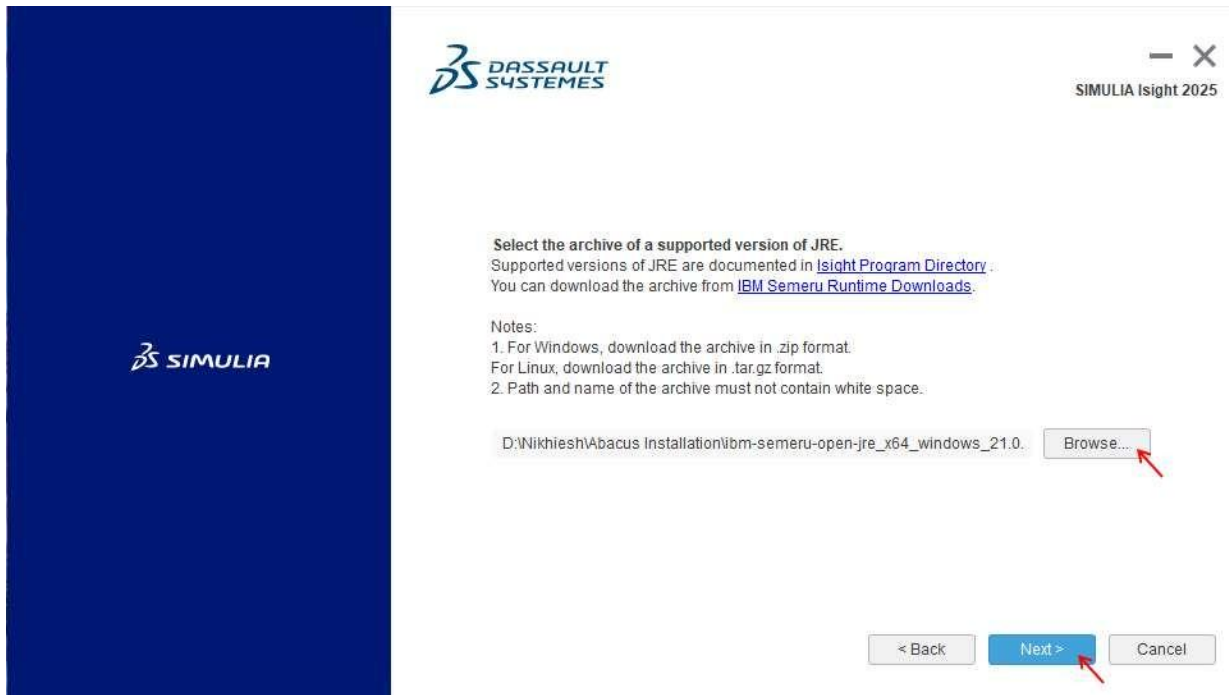

IBM Semeru Runtimes Downloads

To verify these packages, download our public keys and follow the instructions on how to [verify IBM Semeru Runtimes](#).

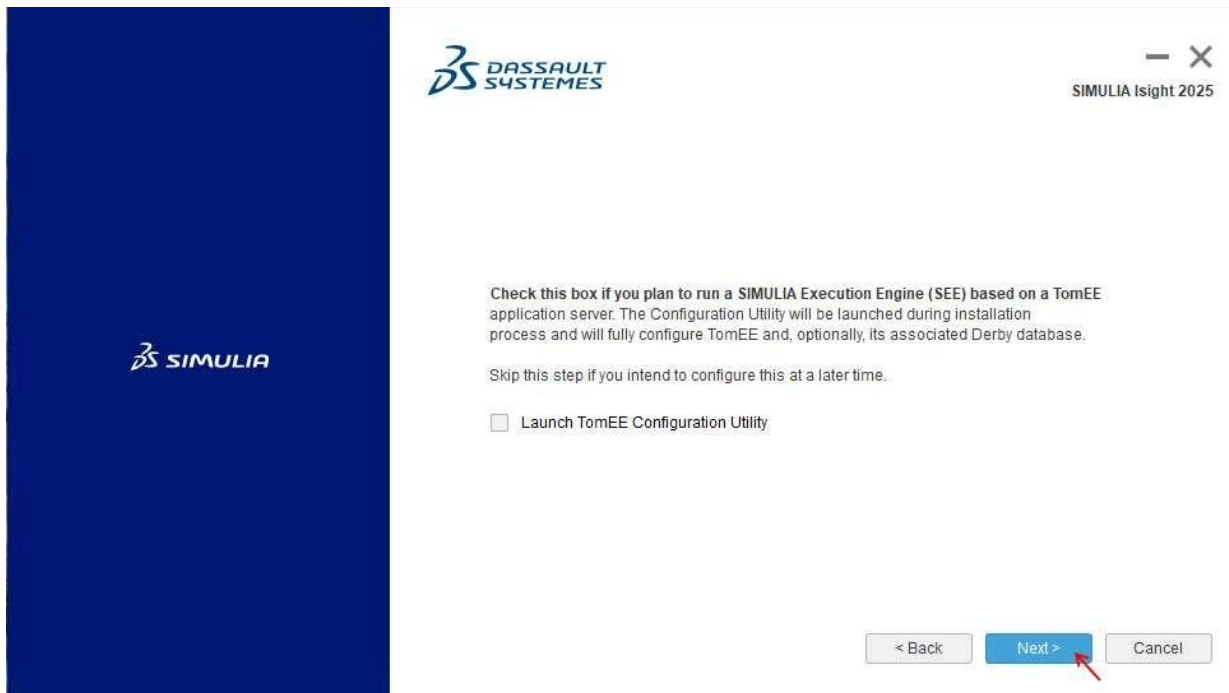

Note: InstallAnywhere (.bin and .archive.bin) packages of IBM Semeru Runtime™ Certified Edition will be discontinued starting with the first quarter release of 2024. For more information, see the [Withdrawal of InstallAnywhere packages news article](#).

IBM Semeru Runtime Open Edition		Java 21 (LTS)	Operating System: Windows	Architecture: x64			
Version	Operating System	Architecture	License	Certified			
21.0.6.0 OpenJDK 21.0.6+7 OpenJ9 0.49.0 Latest	Windows	x64	GPLv2+CE	No	JDK	zip SHA256 signature	msi SHA256
					JRE	zip SHA256 signature	msi SHA256
21.0.5.0 OpenJDK 21.0.5+11 OpenJ9 0.48.0	Windows	x64	GPLv2+CE	No	JDK	zip SHA256 signature	msi SHA256
					JRE	zip SHA256 signature	msi SHA256

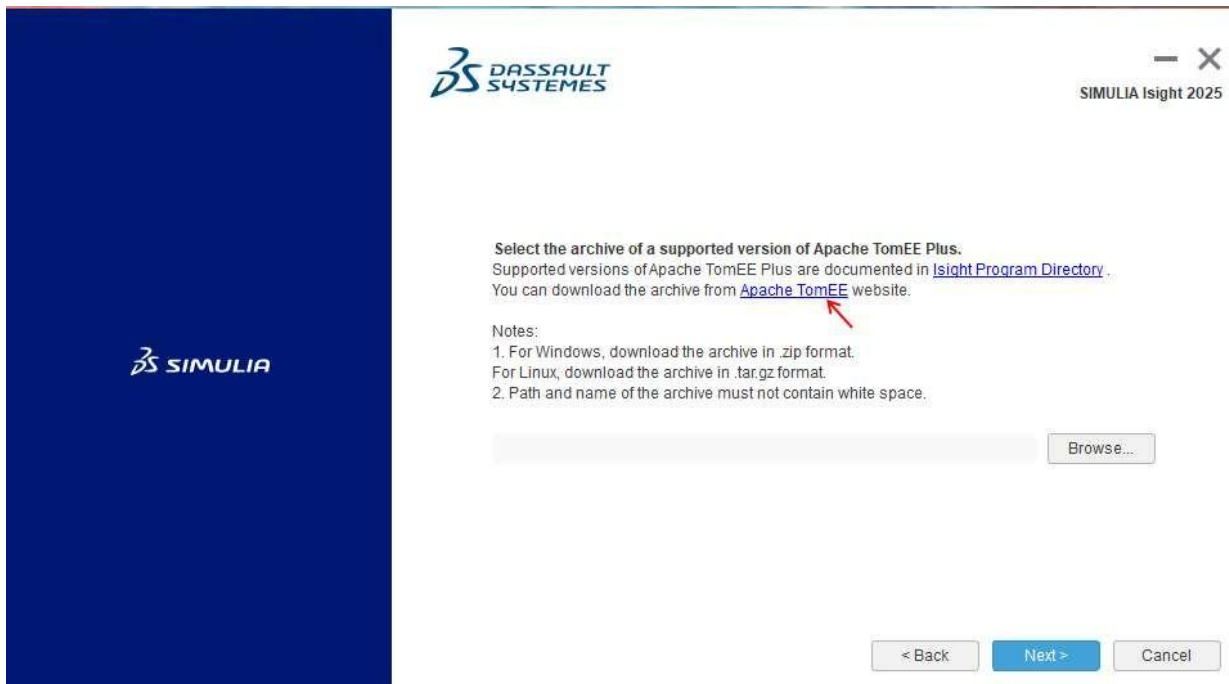

Step 34: Browse and select the downloaded Semeru runtime path.

Step 35: Click Next.

Step 36: Click the Apache TomEE link.

Step 37: Download TomEE Plus ZIP.

Name	Version	Date	Size
TomEE Microprofile ZIP	10.0.0	20 December 2024	66 MB
TomEE Microprofile TAR.GZ	10.0.0	20 December 2024	64 MB
TomEE Plume ZIP	10.0.0	20 December 2024	78 MB
