

MATLAB 2024a Installation Guide for Windows

Windows Installation Manual
Central Computer & Informatics Centre (CIC)
Indian Institute of Technology Kharagpur

This document provides step-by-step instructions for installing **MATLAB 2024a** on Windows systems using the CIC Software Repository. All screenshots from the provided archive have been included and placed with their relevant installation steps.

System Requirements

For MATLAB system requirements, refer to:

<https://www.mathworks.com/support/requirements/matlab-system-requirements.html>

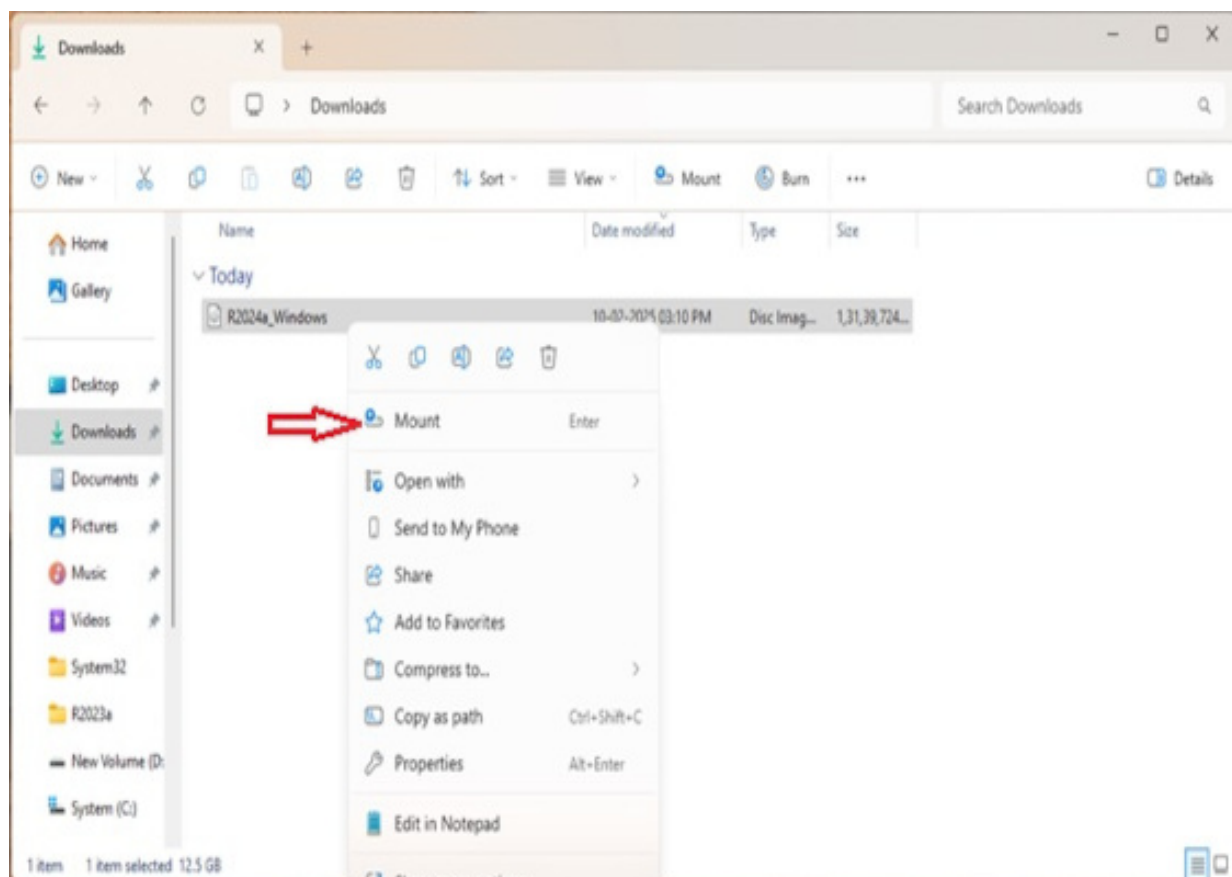

Important Note: For the latest version of MATLAB, check the CIC software repository at <http://swrepo.iitkgp.ac.in>. After downloading the MATLAB software, obtain the File Installation Key and Network License file from <http://swrepo.iitkgp.ac.in/MatlabLicence/downloadfile.html>.

Installation Procedure

Step 1: Click the CIC Software Repository link to download the MATLAB version you want to install.

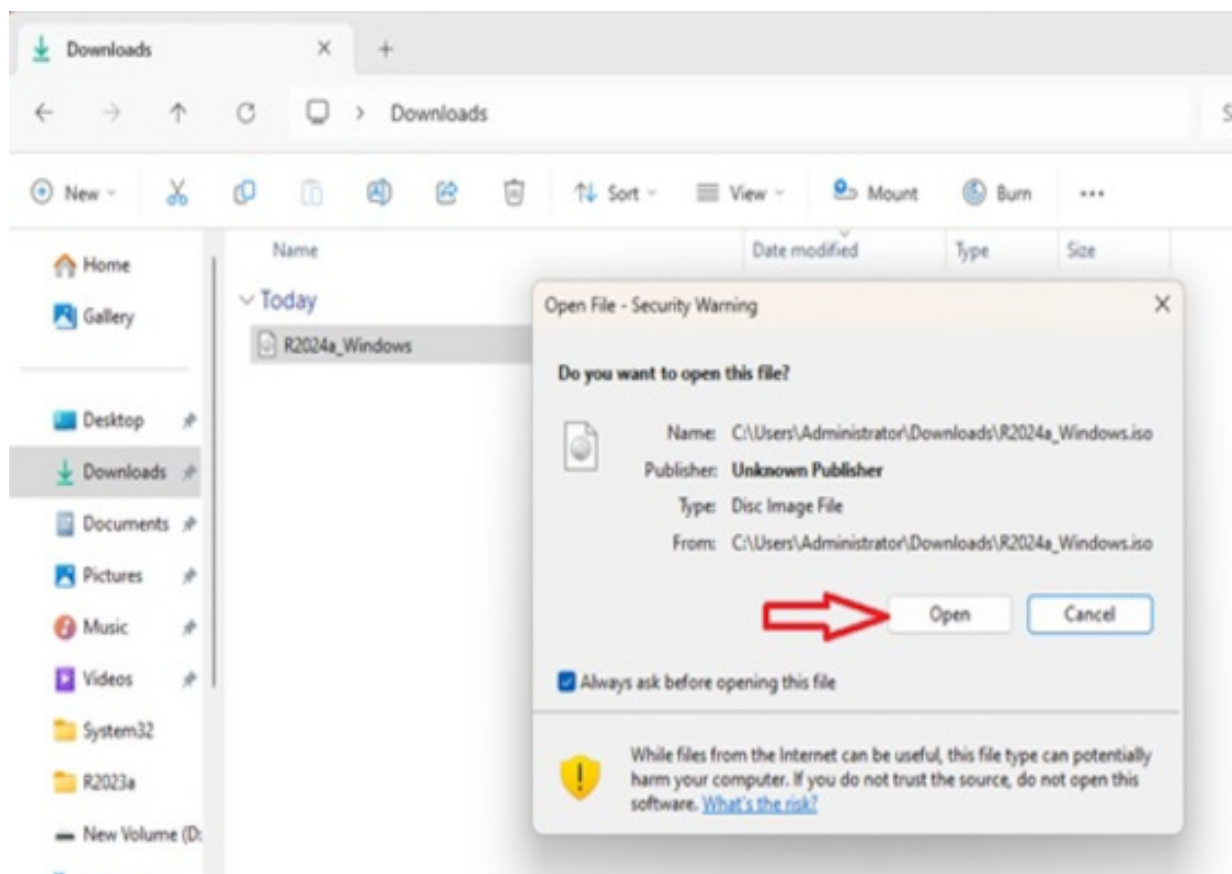

Step 2: After the MATLAB software download is completed, download the File Installation Key and Network License file from the CIC license page.

Step 3: Open the downloaded MATLAB2024a folder, right-click the .iso file, and select Mount.

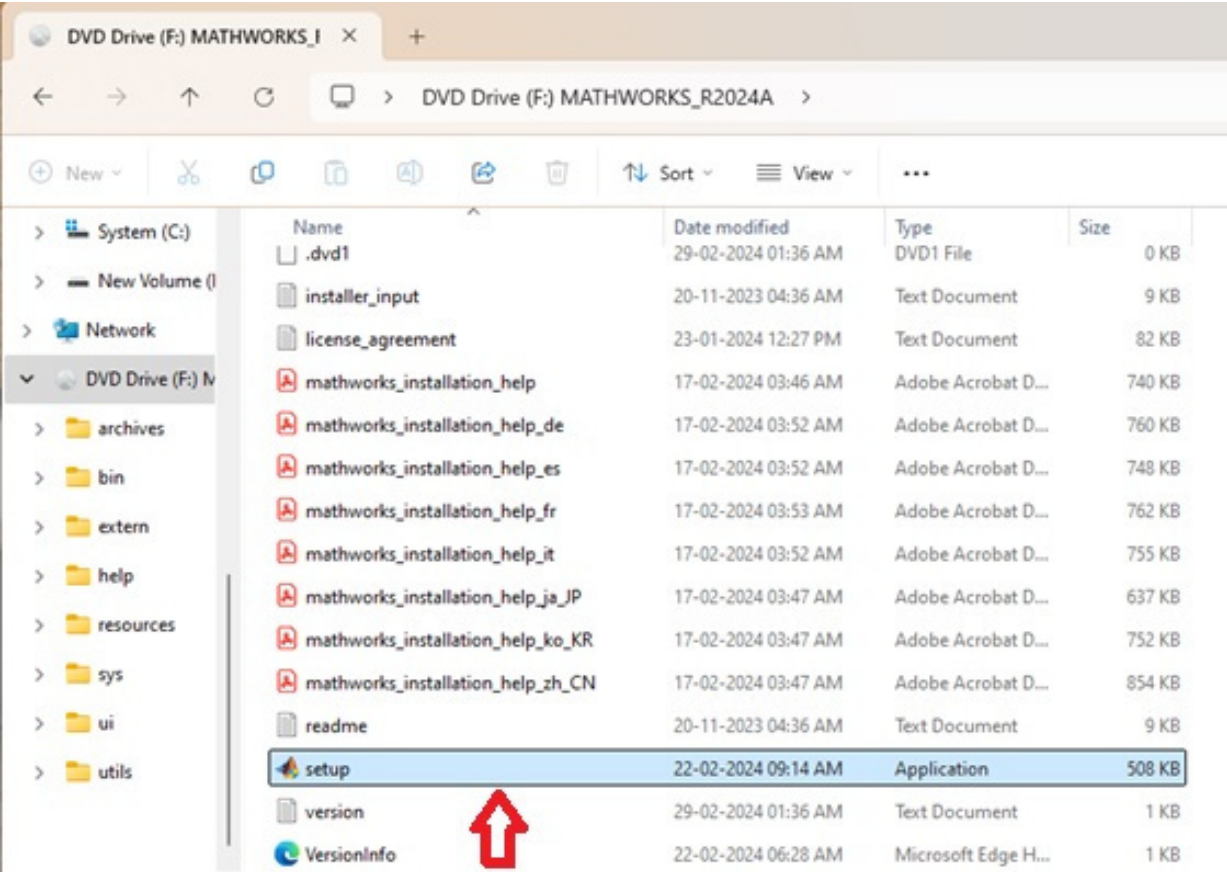

Screenshot 1

Step 4: Click the Open tab on the pop-up window.

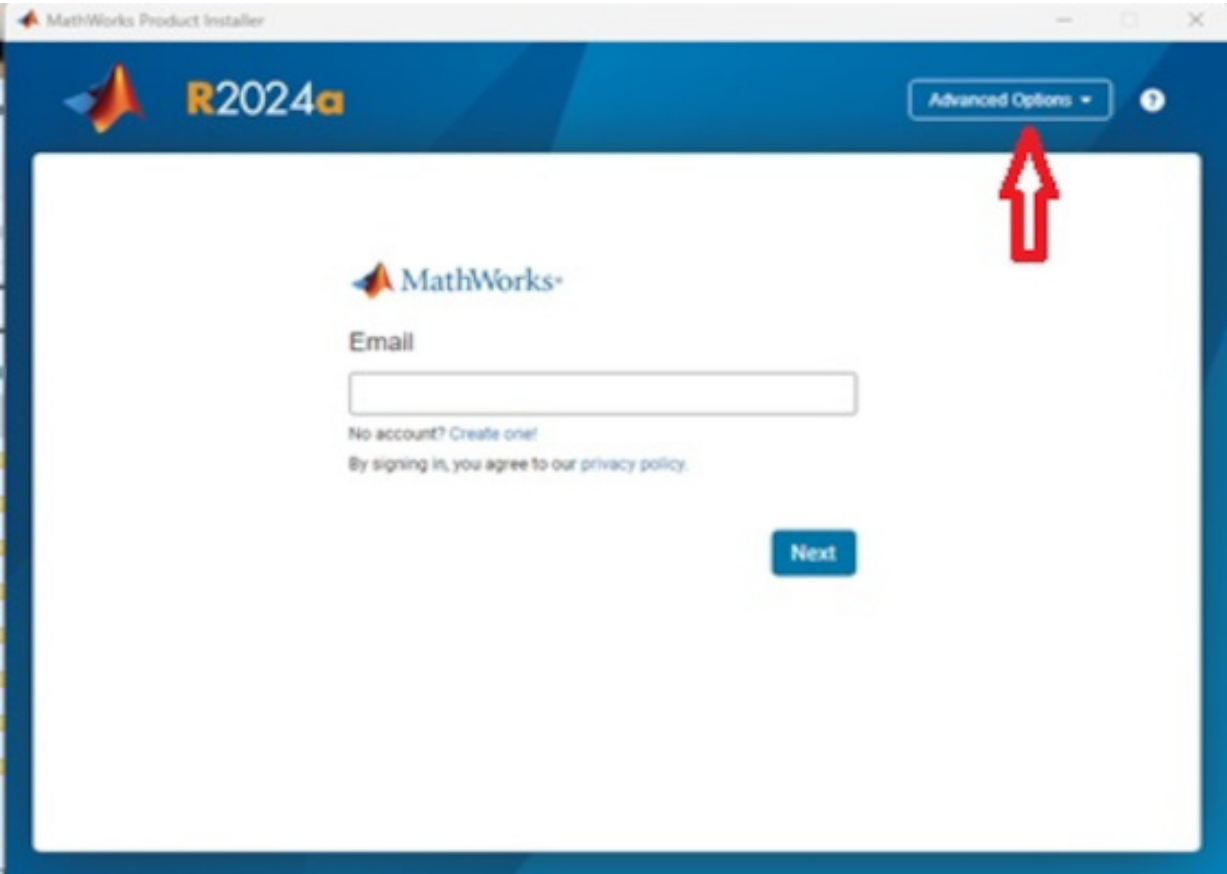

Screenshot 2

Step 5: Run the Setup file from the mounted image.

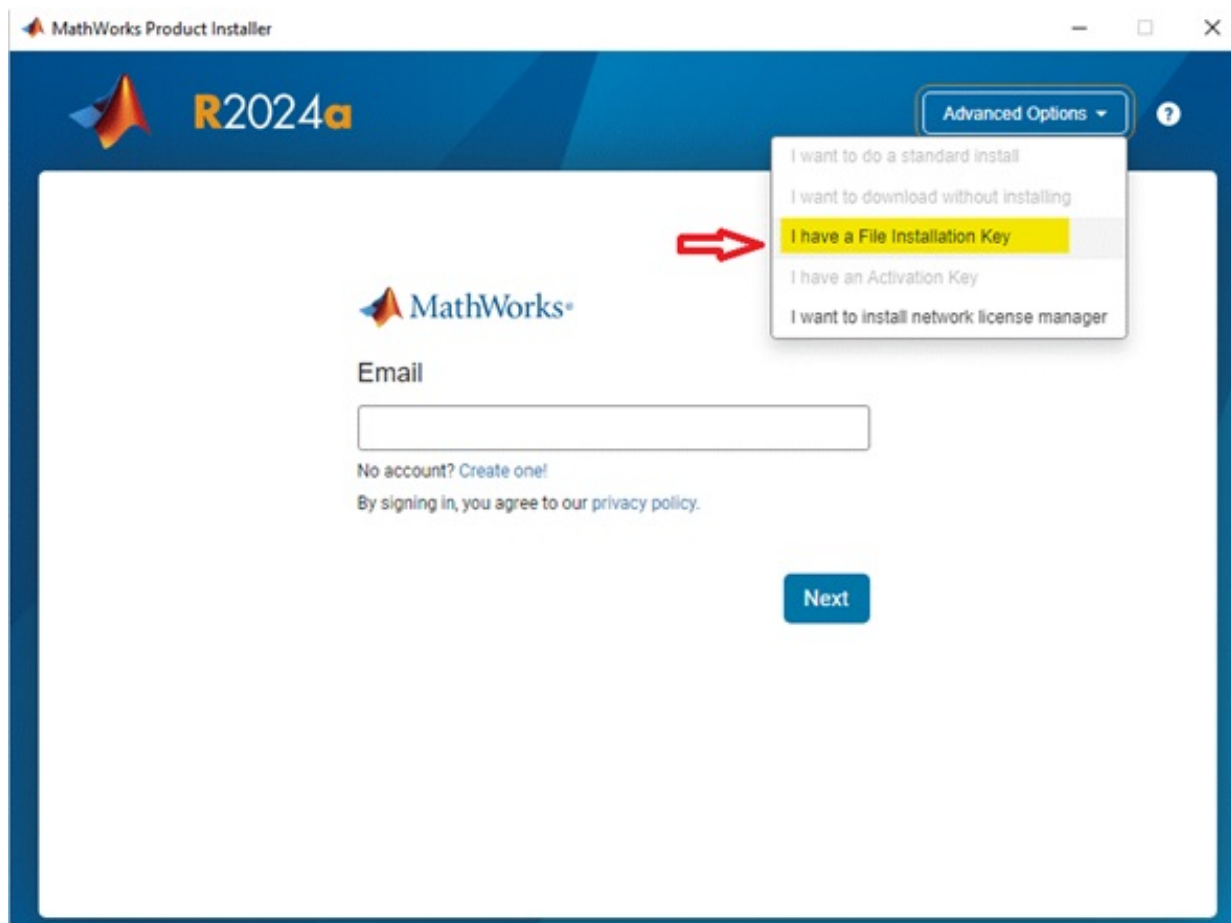

Screenshot 3

Step 6: In the installer window, click Advanced Options.

Screenshot 4

Step 7: From the drop-down menu, select I have a File Installation Key.

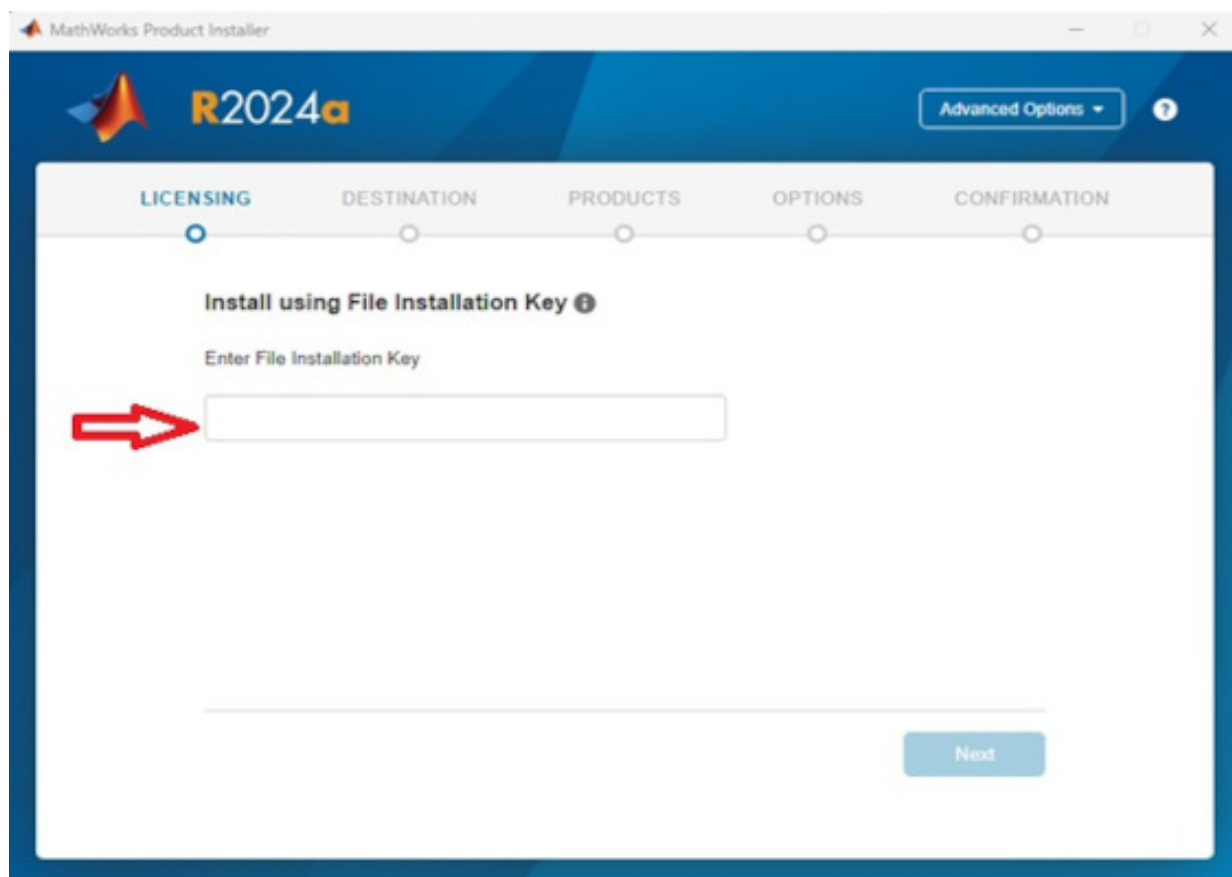

Screenshot 5

Step 8: Select Yes and then click Next.

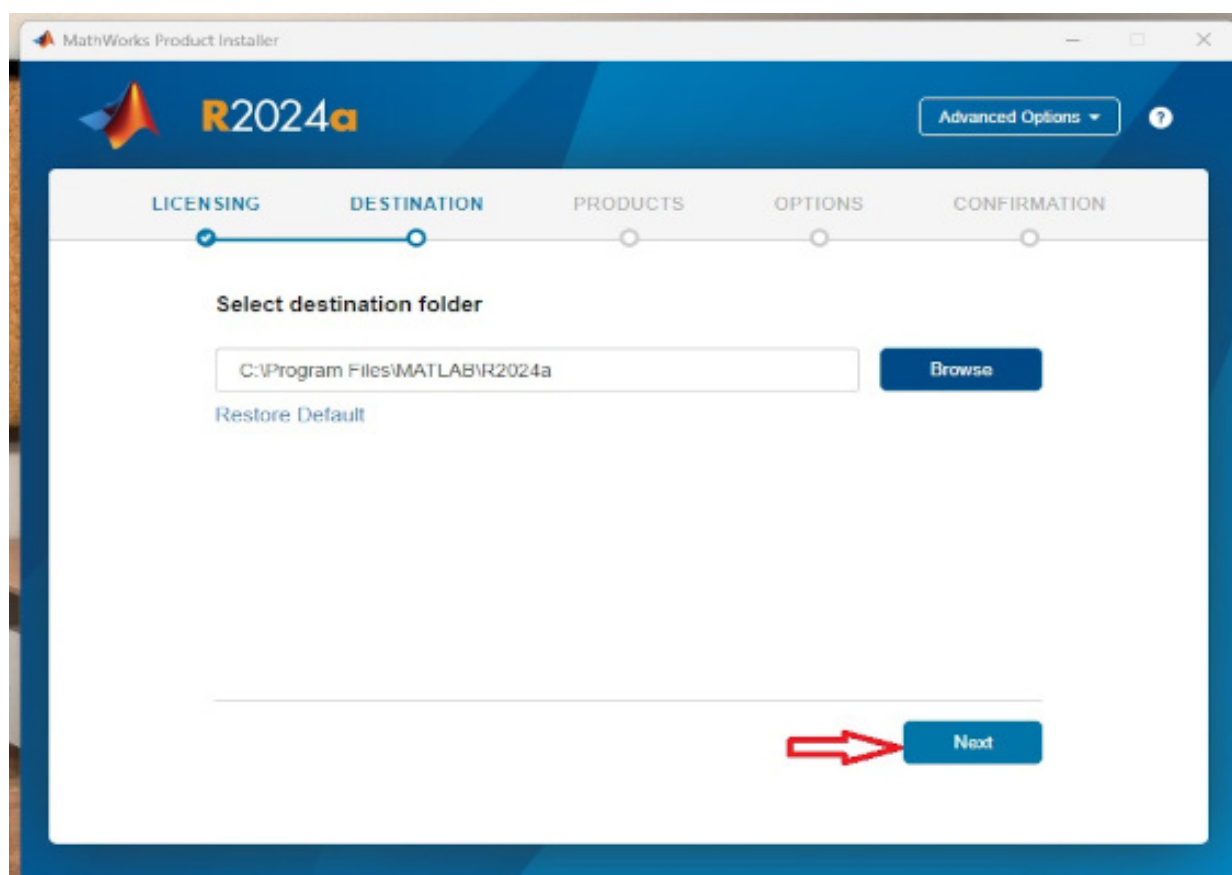

Screenshot 6

Step 9: Copy the key from the FIK file received from CIC and paste it into the installer.

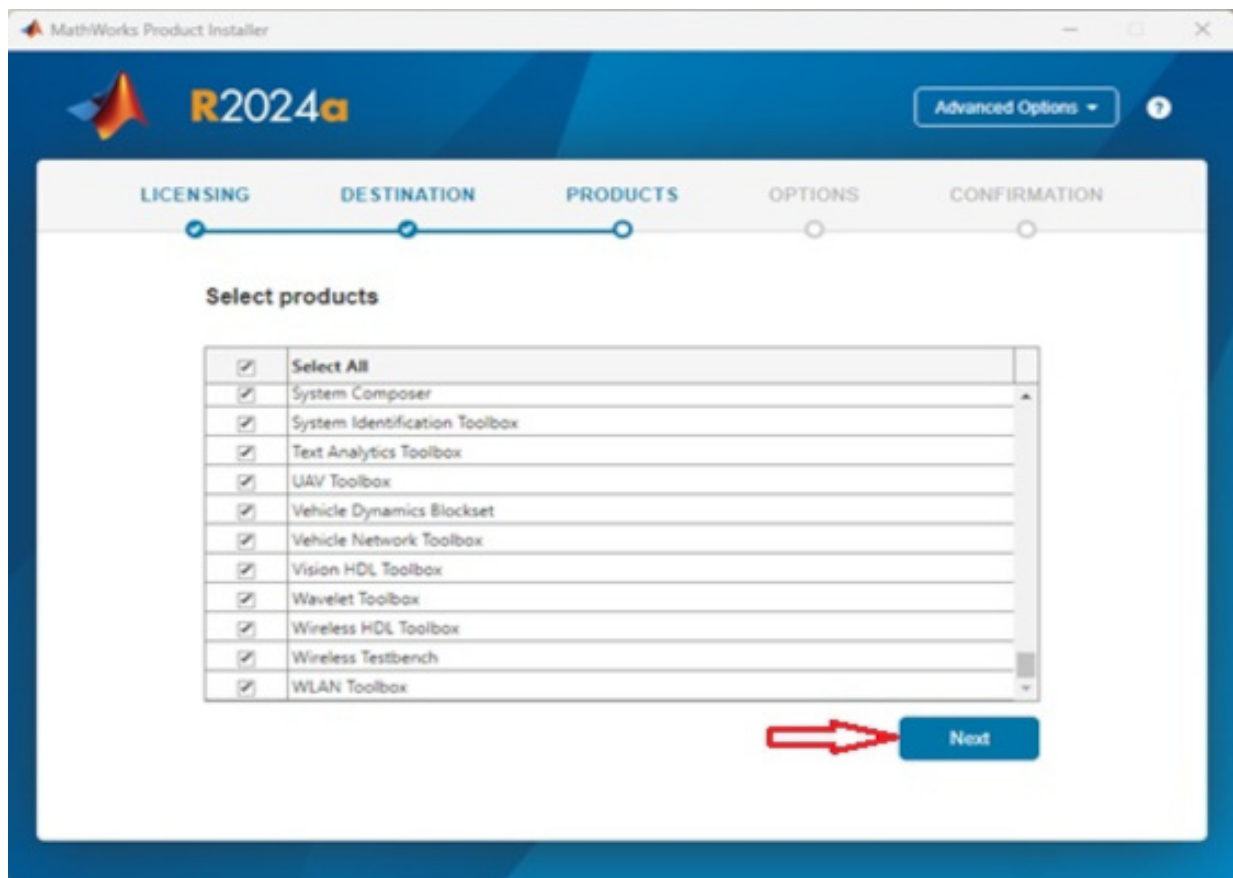

Screenshot 7

Step 10: Select the destination folder. It is advised not to change the default installation path. Then click Next.

Screenshot 8

Step 11: Click Next to continue.

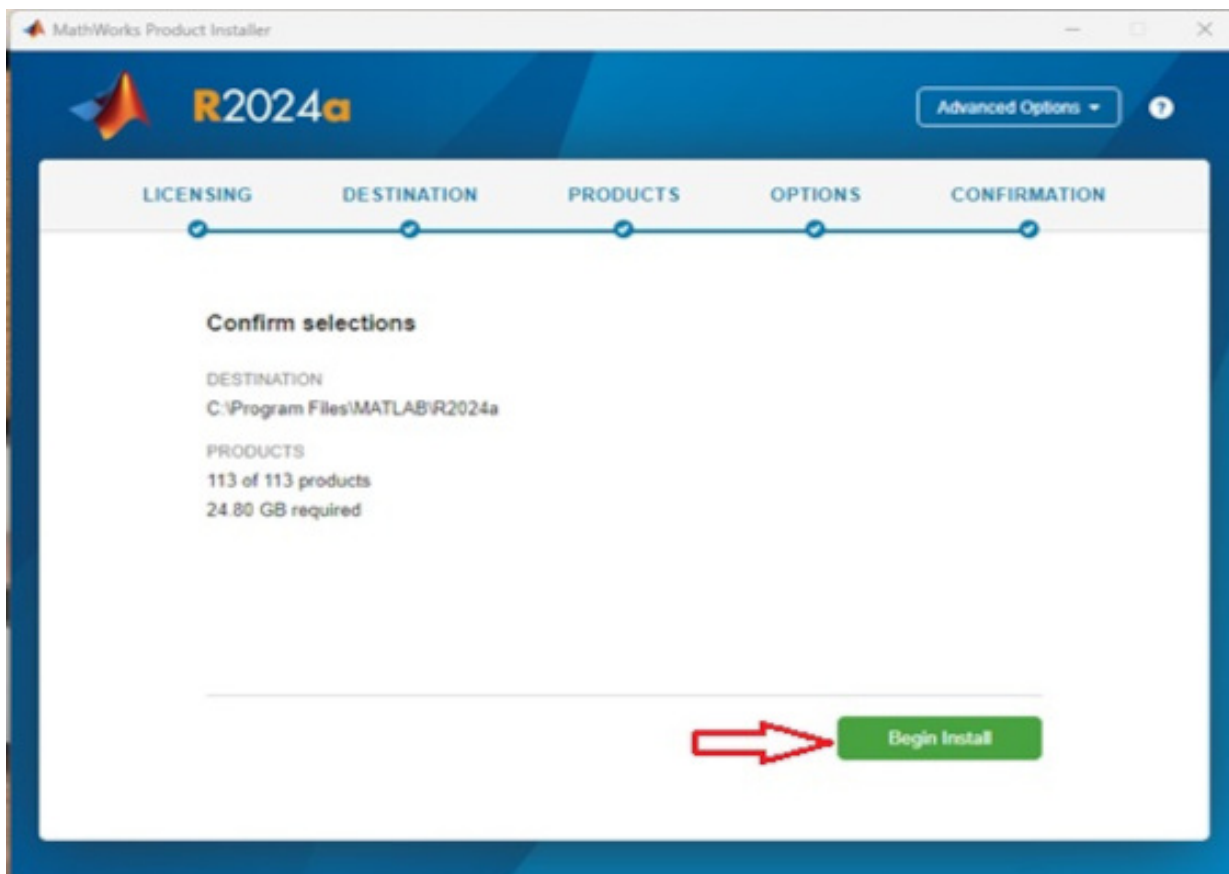

Screenshot 9

Step 12: Click Next to continue.

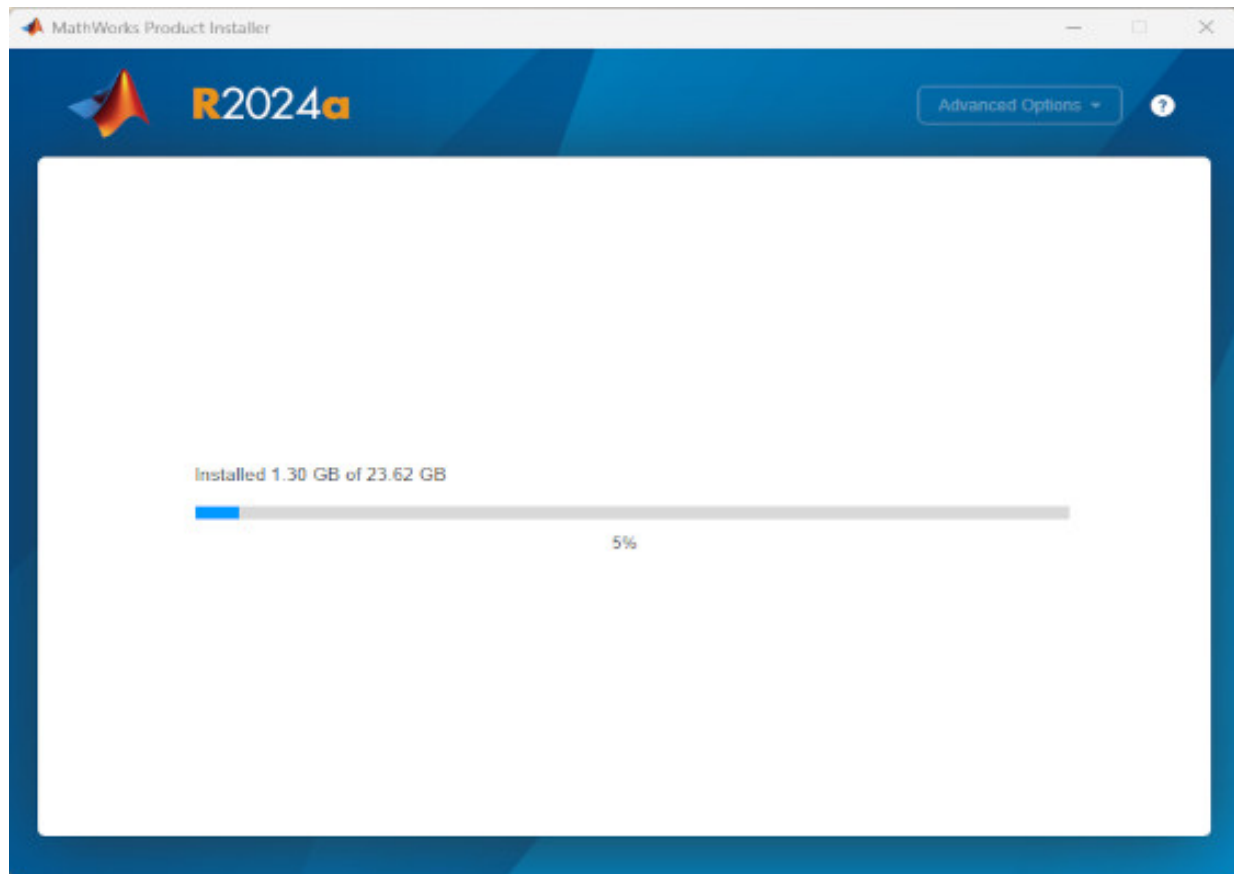

Screenshot 10

Step 13: Click Begin Install. Ensure at least 24 GB of free disk space is available.

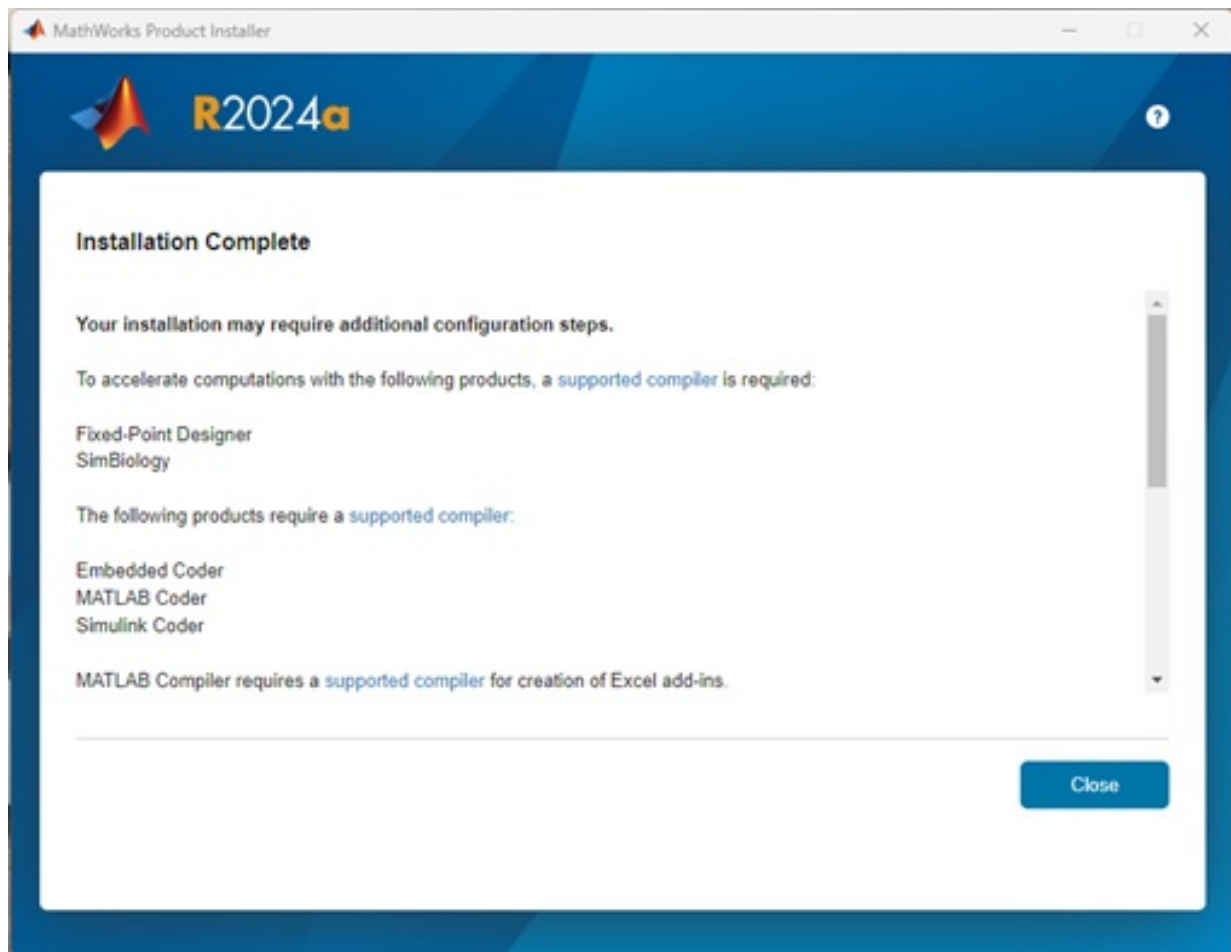

Screenshot 11

Step 14: The installation process will start.

Screenshot 12

Step 15: MATLAB 2024a will be installed successfully on your system.

Screenshot 13

Post-Installation Notes

Except the license manager, any other listed products may be installed as required. The installation procedure is fairly simple and user-friendly. In case of any trouble, you may contact **helpdesk@cc.iitkgp.ac.in**.
