

Microsoft Office 2013 and 2016 Activation Instructions

KMS Activation Guide for Windows OS
Central Computer & Informatics Centre (CIC)
Indian Institute of Technology Kharagpur

This document describes the steps for activating **Microsoft Office 2013** and **Microsoft Office 2016** on Windows using the institute KMS server.

Important Note: Open Command Prompt with **Administrator** privileges before running the activation commands. The system must be connected to the institute network.

Before You Begin

- Ensure that the time zone is set to **(UTC+05:30) Chennai, Kolkata, Mumbai, New Delhi**.
- Open Command Prompt **as Administrator**.
- Go to the Office installation folder on the computer.
- The commands below assume that Microsoft Office is installed in the default location.

Office 2013 Activation

Use the following command if Office 2013 is installed in the default 64-bit Office path:

```
CD \Program Files\Microsoft Office\Office15
```

If the 32-bit version of Office is installed on a 64-bit system, use this command instead:

```
CD \Program Files (x86)\Microsoft Office\Office15
```

Office 2016 Activation

Use the following command if Office 2016 is installed in the default 64-bit Office path:

```
CD \Program Files\Microsoft Office\Office16
```

If the 32-bit version of Office is installed on a 64-bit system, use this command instead:

```
CD \Program Files (x86)\Microsoft Office\Office16
```

Set KMS Server and Activate Office

After changing to the correct Office installation directory, run the following command to set the institute KMS host:

```
cscript ospp.vbs /sethst:kms.iitkgp.ac.in
```

An acknowledgement should appear indicating that the KMS host was set correctly.

Then run the following command to activate Office:

```
cscript ospp.vbs /act
```

Command Summary

```
For Office 2013:  
CD \Program Files\Microsoft Office\Office15  
  
For Office 2013 32-bit on 64-bit Windows:  
CD \Program Files (x86)\Microsoft Office\Office15  
  
For Office 2016:  
CD \Program Files\Microsoft Office\Office16  
  
For Office 2016 32-bit on 64-bit Windows:  
CD \Program Files (x86)\Microsoft Office\Office16  
  
Set KMS host:  
cscript ospp.vbs /sethst:kms.iitkgp.ac.in  
  
Activate Office:  
cscript ospp.vbs /act
```

Completion

Once the activation command completes successfully, Microsoft Office should be activated through the institute KMS server.
