

Microsoft Office 2019 and 2021 Installation and Activation Guide

Windows Installation and KMS Activation Manual
Central Computer & Informatics Centre (CIC)
Indian Institute of Technology Kharagpur

This document describes the installation and activation process for **Microsoft Office 2019** and **Microsoft Office 2021** on Windows systems using the CIC Software Repository and the institute KMS activation server.

Important Note: Uninstall all previous versions of Microsoft Office before installing Office 2019 or Office 2021. Ensure that the time zone, date, and time are correctly configured. The system must be connected to the institute network during activation.

Before You Begin

- Uninstall all previous versions of Microsoft Office from the system.
- Ensure that the time zone is set to **(UTC+05:30) Chennai, Kolkata, Mumbai, New Delhi**.
- Ensure that the system date and time are correct.
- Download **MS_Office2019.zip** for Microsoft Office 2019 or **MS_Office2021.zip** for Microsoft Office 2021 from the CIC Software Repository: <http://swrepo.iitkgp.ac.in>.
- Extract or unzip the downloaded ZIP file before starting installation.

Installation Procedure

Step 1: Open Command Prompt as Administrator.

Press the Windows Start button, type **cmd**, right-click on **Command Prompt**, and select **Run as administrator**.

Step 2: Go to the extracted Office installation folder.

Copy the path of the extracted folder. You may hold **Shift**, right-click on the extracted folder, and select **Copy as Path** from the context menu.

Step 3: Change directory to the extracted Office setup folder.

The command below is an example. Replace the path with the actual extracted folder path if different.

```
CD "extracted file path"
```

Example:

CD Downloads\MS_Office2019

Step 4: Run the appropriate Office installation command.

Use the Office 2019 command for Microsoft Office 2019 or the Office 2021 command for Microsoft Office 2021.

For Microsoft Office 2019:

```
setup /configure configuration-Office2019Enterprise.xml
```

For Microsoft Office 2021:

```
setup /configure configuration-Office2021Enterprise.xml
```

Step 5: Accept license terms.

After installation, start any Office application and click **Accept** to agree to the license terms.

KMS Activation Procedure

Step 1: Open Command Prompt as Administrator.

After installation, open a new Command Prompt window with Administrator privileges.

Step 2: Go to the Office installation folder.

The command below assumes that Office is installed in the default location.

```
CD \Program Files\Microsoft Office\Office16
```

Step 3: Set the institute KMS host.

Run the command below. You should receive an acknowledgement that the KMS host was set correctly.

```
cscript ospp.vbs /sethst:kms.iitkgp.ac.in
```

Step 4: Activate Microsoft Office.

Run the activation command below and wait for successful activation confirmation.

```
cscript ospp.vbs /act
```

Step 5: Finish.

Microsoft Office 2019 or Office 2021 activation is now complete.

Command Summary

Installation folder example:

CD "extracted file path"

Example:

CD Downloads\MS_Office2019

Install Microsoft Office 2019:

setup /configure configuration-Office2019Enterprise.xml

Install Microsoft Office 2021:

setup /configure configuration-Office2021Enterprise.xml

Go to Office installed folder:

CD \Program Files\Microsoft Office\Office16

Set KMS host:

cscript ospp.vbs /sethst:kms.iitkgp.ac.in

Activate Office:

cscript ospp.vbs /act

Completion

After the activation command completes successfully, Microsoft Office 2019 or Microsoft Office 2021 should be installed and activated through the institute KMS server.
