

SolidWorks 2020 SP4 Installation Guide

Windows Installation Manual
Central Computer & Informatics Centre (CIC)
Indian Institute of Technology Kharagpur

This document provides step-by-step instructions for installing **SolidWorks 2020 SP4** on Windows systems using the CIC Software Repository. All screenshots from the provided archive have been included and placed with their corresponding installation steps.

Important Note: For the latest version of SolidWorks, check the CIC software repository at <http://swrepo.iitkgp.ac.in>. For system requirement details, refer to <https://www.solidworks.com/support/system-requirements>.

Installation Procedure

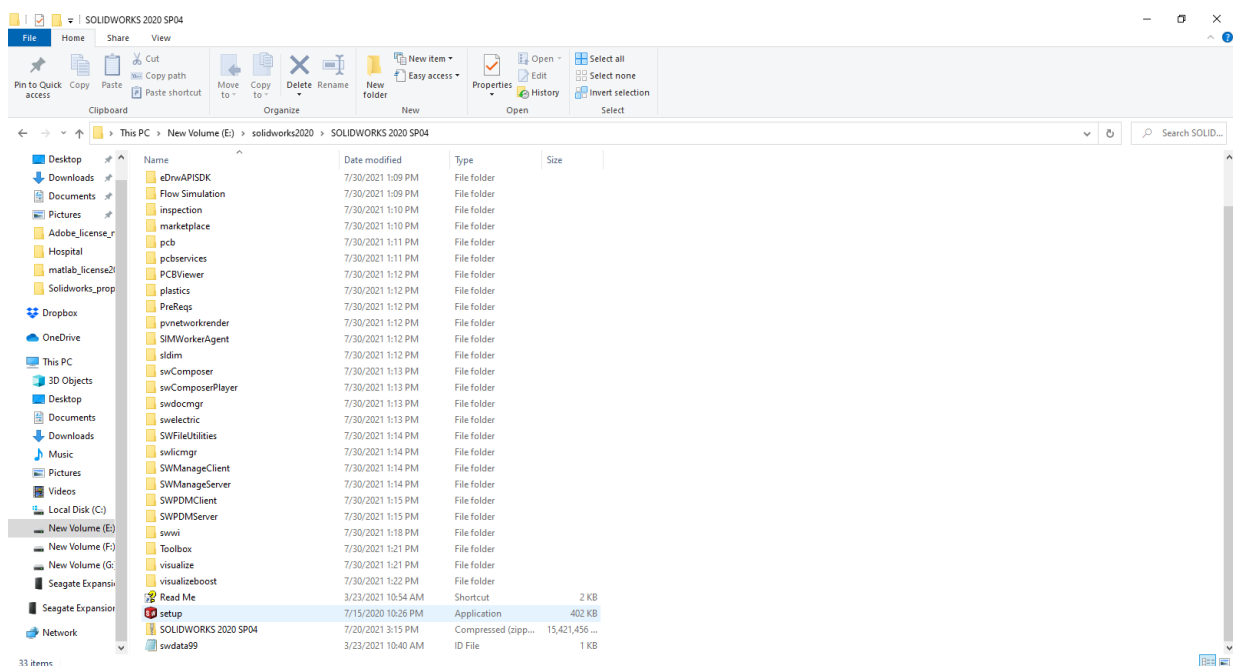

Step 1: Click Run [swrepo.iitkgp.ac.in] to log in to the software repository.

Step 2: Log in using Login ID / Password: guest.

Step 3: Go to the Software Repository.

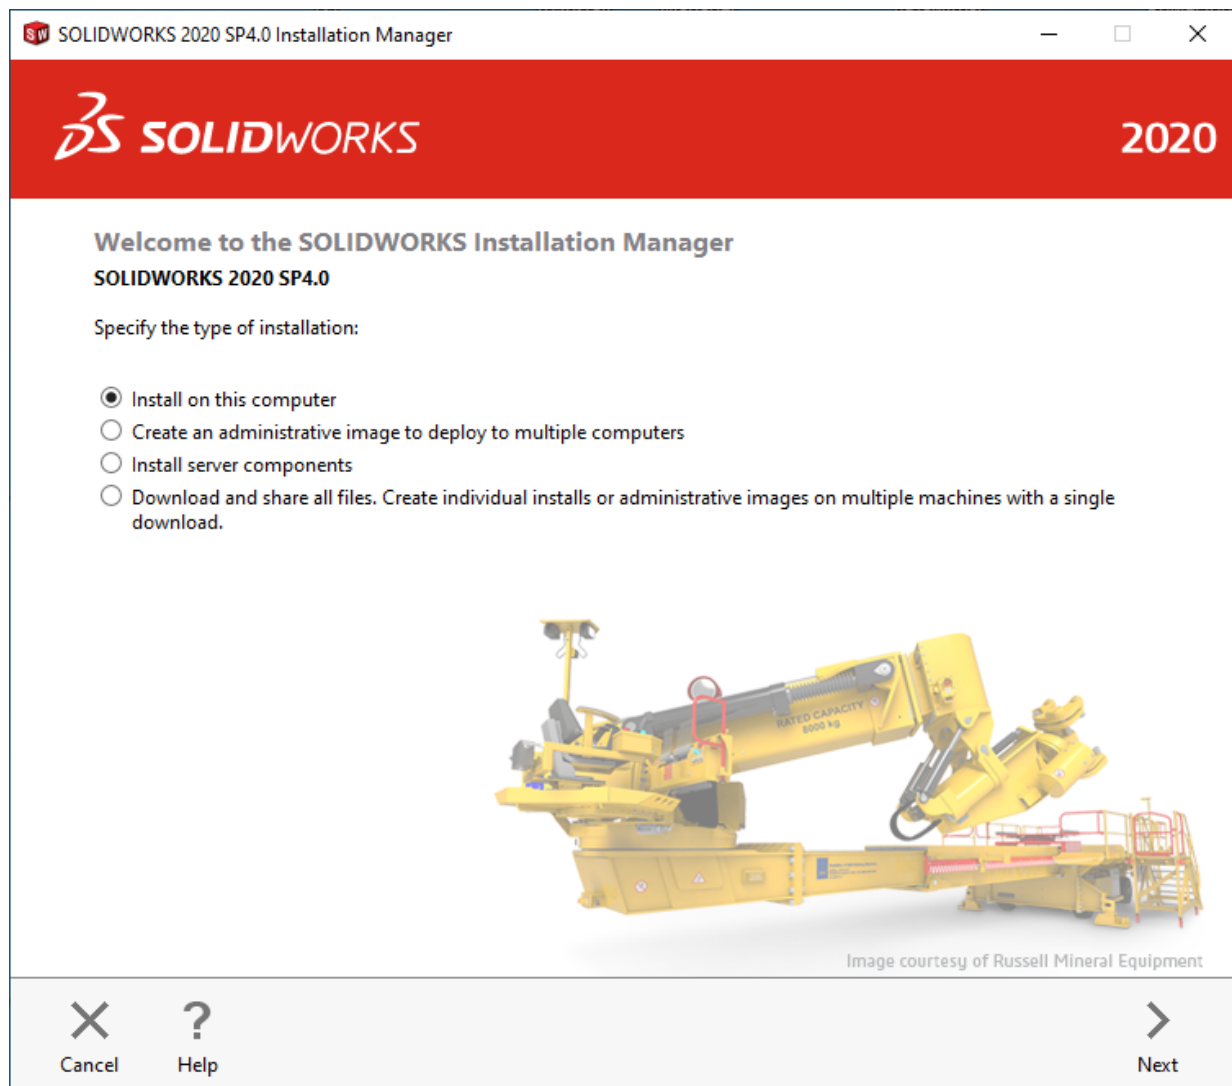

Step 4: Download **SOLIDWORKS 2020 SP04.zip** and unzip it in a local directory.

Step 5: Go to the folder **Solidworks2020 SP04**.

SOLIDWORKS Premium will help you:

- Work smarter and faster
- Improve the quality of your designs
- Simplify your entire design process
- Access tips, tricks, advice, and guidance from the entire SOLIDWORKS community

Installing Selected Products

Installing: Microsoft SQL Server

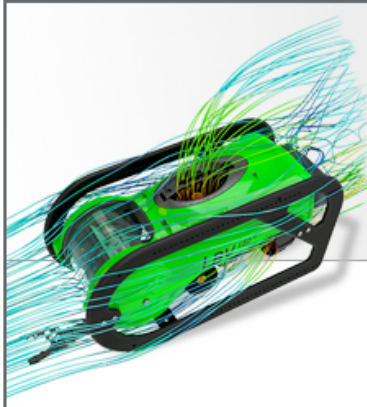

1% complete.

Integrate electrical designs into 3D CAD with SOLIDWORKS Electrical:

- Simplify your electrical design
- Streamline your design process
- Create 3D harness & cabinet designs
- Real time collaboration and synchronization

Installing Selected Products

Installing: SOLIDWORKS CAM

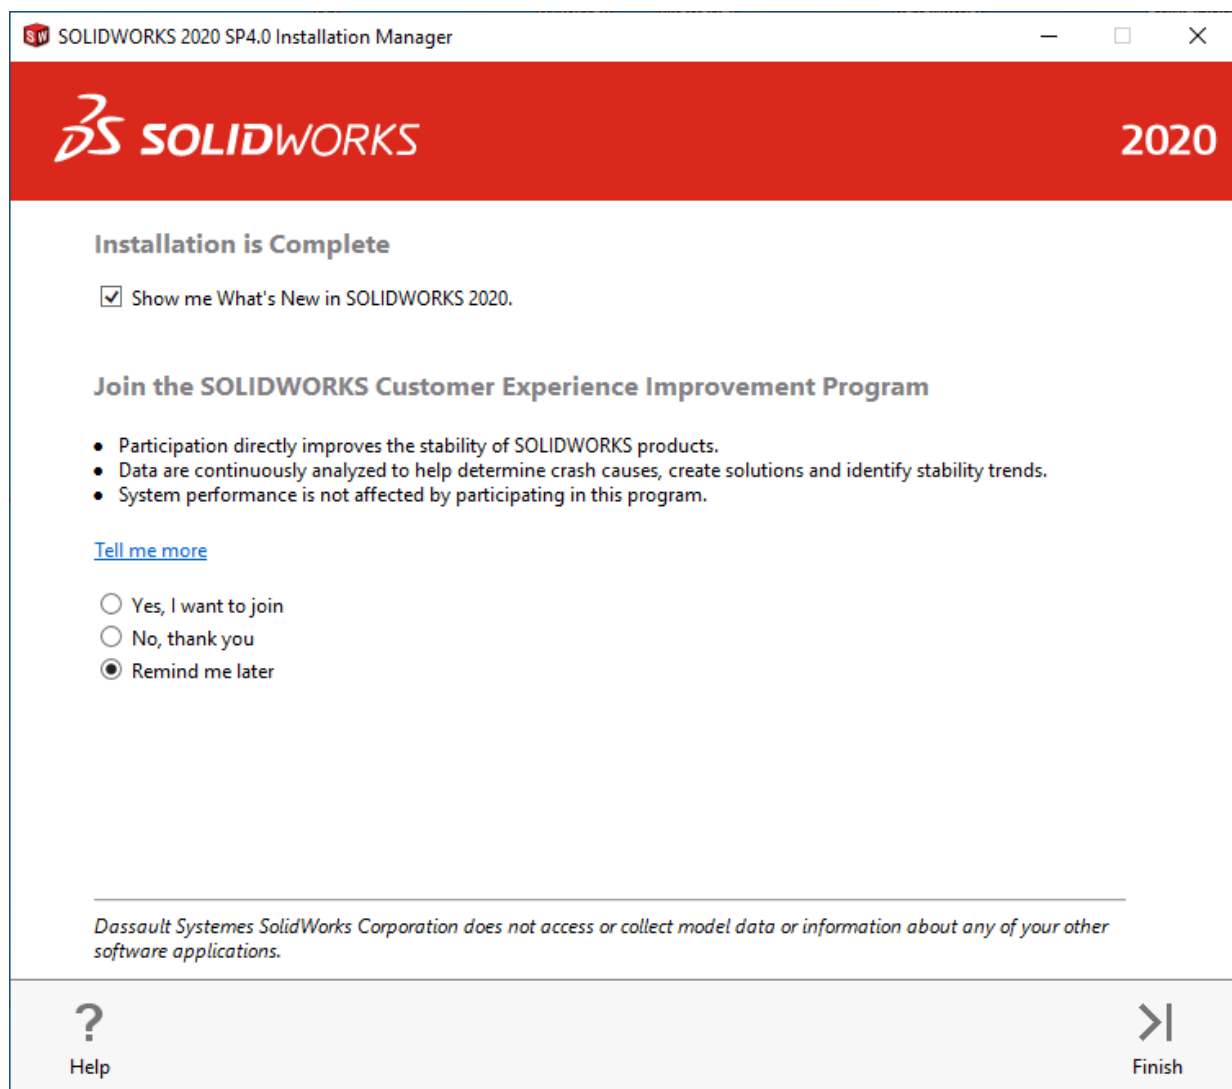

85% complete.
